Understand the Old Testament David Holsted, 2018-02-16 A full 75 percent of the Bible is the Old Testament If one of your kids or your coworkers or your friends were to ask you about the Old Testament could you talk knowledgeably about it When you pastor says that your church believes in the Old Testament because the whole Bible is about Jesus can you even imagine what he's talking about In my experience Christians often know stories from the Old Testament or maybe have memorized verses from it but very few would say that they understand it That's where I stood not long ago so I set out to do something about it Frankly without help the Old Testament can be difficult to read let alone understand But with a little guidance you can not only understand it you can appreciate how it harmonizes with the New Testament and you can see how it is so foundational to your faith I put together this book as I earnestly studied my way through the Old Testament My hope is that I have taken hundreds of hours of reading and work and summarized it into a book that can be used by Christians who just don't have hundreds of hours to invest This book combines the best of what I've read and studied about the Old Testament It is part book read it through or select areas of interest from the summaries It is part Bible study guide use the summaries to study or lead a Bible study group It is part commentary use it to complement your Old Testament reading The Old Testament is the story that Jesus completes and the promise that Jesus fulfills Are you willing to invest about an hour per

week for a year in order to see how this is true Learn the name nature attributes and character of God Learn biblical principles patterns and promises Learn about Hebrew culture language and history in the context of world history Learn of the prophecies of hope through the Messiah Learn how the Old Testament testifies to Jesus throughout Share this adventure with me Take the first step Start down the path You will find it one of the most fulfilling things you ve ever done **Mother of God** Miri Rubin,2009-04-21 A sweeping ambitious study of the Virgin Mary s emergence and role throughout Western historyHow did the Virgin Mary about whom very little is said in the Gospels become one of the most powerful and complex religious figures in the world To arrive at the answers to this far reaching question one of our foremost medieval historians Miri Rubin investigates the ideas practices and images that have developed around the figure of Mary from the earliest decades of Christianity to around the year 1600 Drawing on an extraordinarily wide range of sources including music poetry theology art scripture and miracle tales Rubin reveals how Mary became so embedded in our culture that it is impossible to conceive of Western history without her In her rise to global prominence Mary was continually remade and reimagined by wave after wave of devotees Rubin shows how early Christians endowed Mary with a fine ancestry why in early medieval Europe her roles as mother bride and companion came to the fore and how the focus later shifted to her humanity and unparalleled purity She also explores how indigenous people in Central America Africa and Asia remade Mary and so fit her into their own cultures Beautifully written and finely illustrated this book is a triumph of sympathy and intelligence It demonstrates Mary s endless capacity to inspire and her profound presence in Christian cultures and beyond
