The Last Victory:

The Last Invasion Max Haller, 2025-10-17 Russia's attack on Ukraine in 2022 was called a watershed in postwar European history. The West sees Putin's Russia on the way to restoring the former Soviet Union. But Putin's increasingly aggressive stance was also a reaction to Western politics. The real possibility of a new security and peace order in Europe opening in the 1990s was not pursued. Instead NATO was enlarged to the east. Now a massive arms build up is on the way. Using historical sources, international news media representative surveys and personal interviews with people in Ukraine, Max Haller shows that this war has not been predetermined and following Kant peace initiatives are possible even now. In these the European Union should assume a leading role.

The Last Days Are Left Behind James Ellis, 2008-06 Have you been wondering as a Christian or non Christian what many think and expect will happen in the last days or end times with all the talk and focus in the headlines and some churches about our future? And with all the events taking place in the Middle East especially Israel and Iran? Are you confused because of various end time scenarios and conflicting opinions promoted through popular books on prophecy, the Left Behind series, televangelists, preachers and others speaking of a great tribulation, rapture, Armageddon, Apocalypse, the destruction of the earth, a new heaven and earth, a second coming and a millennium? There has been an overload of teaching and information about these things over the last century, however sincere and cloaked in good intentions, yet with long held and deep seated traditions and doctrines all borne of a lack of accurate knowledge, particularly the Hebrew and Greek and information based on compelling evidence. Would you like to know what the Bible actually says about all these issues? For God's Word itself, Let Scripture Interpret Scripture and the Holy Spirit are the only necessary interpreters. *The Last Days Are Left Behind* will challenge your thinking, help to erase the confusion and provide clarity regarding the present day purpose of God. Author James Ellis demonstrates end time truth based logically on solid evidence after a linguistically accurate, biblically consistent and intellectually honest examination of the Bible's prophetic passages and verses, the original languages Hebrew and Greek, the social, cultural and historical context of Scripture and the relevance of the audience spoken or written to in God's Word.

The Last Things George E. Ladd, 2004-01-09 In recent years scriptural prophecies about the end times have become the subject of an increasing number of books. Many of these, however, are popularized accounts containing little thoughtful biblical scholarship. Yet the serious studies available are often too difficult for the average reader to understand. George Eldon Ladd has endeavored to rectify this situation with a serious discussion of eschatology written for the layperson. Two radically different interpretations of the relationship between the prophecies of the Old and New Testaments have been offered. One view sees separate programs for Israel and the Christian church, while the other recognizes progressive revelation and a unity of the Testaments. Professor Ladd holds the latter position, basing his doctrine of the last things on the conviction that our final word is to be found in New Testament reinterpretation of Old Testament prophecy. Only as the prophecies are seen in the light of God's revelation

through Christ can we clearly comprehend what they mean in relation to the end times **The Last Great War** Adrian Gregory,2008-10-16 What was it that the British people believed they were fighting for in 1914 18 This compelling history of the British home front during the First World War offers an entirely new account of how British society understood and endured the war Drawing on official archives memoirs diaries and letters Adrian Gregory sheds new light on the public reaction to the war examining the role of propaganda and rumour in fostering patriotism and hatred of the enemy He shows the importance of the ethic of volunteerism and the rhetoric of sacrifice in debates over where the burdens of war should fall as well as the influence of religious ideas on wartime culture As the war drew to a climax and tensions about the distribution of sacrifices threatened to tear society apart he shows how victory and the processes of commemoration helped create a fiction of a society united in grief *The Fall of the Roman Republic: a Short History of the Last Century of the Commonwealth* Charles Merivale (Dean of Ely.),1853 The Last Heroes Gary Bridson-Daley,2017-11-01 The Second World War is famed for being the conflict that changed the face of warfare and it is the last that changed the face of the world In addition to remembering those who passed away in those dark days of war a sincere debt of gratitude is owed to all those now in their twilight years who gave all that they had for King and Country In this new and revised third edition with additional material to celebrate the lives of D Day and Arnhem veterans Gary Bridson Daley presents 46 of over 150 interviews he conducted with veterans over recent years adding to the history books the words and the original poetry of those who fought and supported the war effort to ensure freedom peace and prosperity for generations to come From each corner of the British Isles and every armed service from Dam Buster George Johnny Johnson through to riveter Susan Jones heroes all The Last Things Donald G. Bloesch,2010-03-23 In *The Last Things* Donald G Bloesch takes up difficult and sometimes controversial themes such as the coming of the kingdom of God the return of Jesus Christ the life hereafter the millennial hope the final judgment hell heaven purgatory and paradise Wrestling with biblical texts that often take metaphorical form Bloesch avoids rationalistic reductionism as well as timid agnosticism While he acknowledges mystery and even paradox Bloesch finds biblical revelation much more than sufficient to illuminate the central truths of a Christian hope articulated throughout the history of the church *The Last Things* is not just a review of past Christian eschatology but a fresh articulation of the grace and glory of God yet to be consummated The triumph of the grace of Jesus Christ and the dawning of hope beckon us to reach out in the power of the Spirit to receive that blessed future and the promise to renew the life of the church universal today The Last Great War of Antiquity James Howard-Johnston,2021 The last great war of antiquity was fought on an unprecedented scale along the full length of the Persian Roman frontier James Howard Johnston pieces together the fragmentary evidence of this period to form for the first time a coherent story of the dramatic events key players and vast lands over which the conflict spread *The Last Lion* Paul Reid,William Manchester,2012-11-06 The long awaited final volume of William Manchester s legendary biography of Winston Churchill Spanning the years of 1940 1965 *The Last Lion*

picks up shortly after Winston Churchill became Prime Minister when his tiny island nation stood alone against the overwhelming might of Nazi Germany The Churchill conjured up by William Manchester and Paul Reid is a man of indomitable courage lightning fast intellect and an irresistible will to action The Last Lion brilliantly recounts how Churchill organized his nation s military response and defense compelled FDR into supporting America s beleaguered cousins and personified the never surrender ethos that helped the Allies win the war while at the same time adapting himself and his country to the inevitable shift of world power from the British Empire to the United States More than twenty years in the making The Last Lion presents a revelatory and unparalleled portrait of this brilliant flawed and dynamic leader This is popular history at its most stirring

Last Stands from the Alamo to Benghazi Frank Wetta, Martin Novelli, 2016-12-08 Last Stands from the Alamo to Benghazi examines how filmmakers teach Americans about the country s military past Examining twenty three representative war films and locating them in their cultural and military landscape the authors argue that Hollywood s view of American military history has evolved in two phases The first phase extending from the very beginnings of filmmaking to the Korean War projected an essential patriotic triumphalism The second phase from the Korean and Vietnam Wars to the present reflects a retreat from consensus and reflexive patriotism In describing these phases the authors address recurring themes such as the experience of war and combat the image of the American war hero race gender national myths and more With helpful film commentaries that extend the discussion through popular movie narratives this book is essential for anyone interested in American military and film history

Immerse yourself in the artistry of words with is expressive creation, **The Last Victory** . This ebook, presented in a PDF format (PDF Size: *), is a masterpiece that goes beyond conventional storytelling. Indulge your senses in prose, poetry, and knowledge.
