The focus is on the main character Una Golden and her desire to establish herself in a legitimate occupation while balancing the eventual need for marriage. The story takes place in the early 1900-1920s and takes Una from a small Pennsylvania town to New York. Forced to work due to family illness, Una shows a talent for the traditional male bastion of commercial real estate and while valued by her company, she struggles to achieve the same status of her male co-workers. On a parallel track, her quest for traditional romance and love is important, but her unique role as a working woman doing a man's job makes it tough to find an appropriate suitor.
