M. Roberts, 2017-10-06 Narcoterrorism wreaks havoc on the world as drug cartels operate as dominating murderous dictatorships The powerful Irish Drug Cartel has set up drug manufacturing plants around the world and they will kill anyone who gets in their way Sarah is an ambitious policewoman from an antiterrorist unit She s also smart beautiful and extremely good at her job which is why she is assigned to an Interpol Incident Response Team in Manchester set up to find and stop The Cartel Alongside colleagues from the United Kingdom s SAS she must quickly learn new Close Quarters Battle tactics and apply them to a vengeful and threatening battlefield Sarah s investigation appears to be going well until the fight turns personal She must now struggle to save her friends family and even herself Spanning the globe with a keen knowledge of special forces tactics and some genuinely shocking twists this book warns of a bloody drug addled future we may soon face *House of Debt* Atif Mian, Amir Sufi, 2015-05-20 A concise and powerful account of how the great recession happened and what should be done to avoid another one well argued and consistently informative Wall Street Journal The Great American Recession of 2007 2009 resulted in the loss of eight million jobs and the loss of four million homes to foreclosures Is it a coincidence that the United States witnessed a dramatic rise in household debt in the years before the recession that the total amount of debt for American households doubled between 2000 and 2007 to 14 trillion Definitely not Armed with clear and powerful evidence Atif Mian and Amir Sufi reveal in House of Debt how the Great Recession and Great Depression as well as less dramatic periods of economic malaise were caused by a large run up in household debt followed by a significantly large drop in household spending Though the banking crisis captured the public s attention Mian and Sufi argue strongly with actual data that current policy is too heavily biased toward protecting banks and creditors Increasing the flow of credit they show is disastrously counterproductive when the fundamental problem is too much debt As their research shows excessive household debt leads to foreclosures causing individuals to spend less and save more Less spending means less demand for goods followed by declines in production and huge job losses How do we end such a cycle With a direct attack on debt say Mian and Sufi We can be rid of painful bubble and bust episodes only if the financial system moves away from its reliance on inflexible debt contracts As an example they propose new mortgage contracts that are built on the principle of risk sharing a concept that would have prevented the housing bubble from

emerging in the first place Thoroughly grounded in compelling economic evidence House of Debt offers convincing answers to some of the most important questions facing today s economy Why do severe recessions happen Could we have prevented the Great Recession and its consequences And what actions are needed to prevent such crises going forward Batting F.C.
