Dibia, 2017-11-28 In this book Jeremiah I Dibia challenges prevailing notions of Africa s development crisis by drawing attention to the role of modernization as a way of understanding the nature and dynamics of the crisis and how to overcome the problem of underdevelopment He specifically focuses on Nigeria and its development trajectory since it exemplifies the crisis of underdevelopment in the continent He explores various theoretical and empirical issues involved in understanding the crisis including state class gender and culture often neglected in analysis from an interdisciplinary radical political economy perspective This is the first book to adopt such an approach and to develop a new framework for analyzing Nigeria s and Africa s development crisis It will influence the debate on the development dilemma of African and Third World societies and will be of interest to scholars and students of race and ethnicity modern African history class analysis gender studies and development studies Intellectuals and African Development Bjorn Beckman, Gbemisola Adeoti, 2008-02-29 This book looks at the very different responses to the African predicament from prominent writers like Soyinka Ngugi and Achebe to the military men in power and the students who defy repression It suggests that intervention by international agencies who claim to promote democracy and empower the youth may reinforce authoritarian attitudes and structures The essays in the book give voice to the outrage ridicule and revolutionary ardour as well as to the reformist caution of those directly affected The shallow pretences of those in power and the hypocrisy and arrogance of the foreign helpers are also exposed The book concludes that being an insider or an outsider is less important than being committed to listening to ordinary people
