The Kindness Of Healing:

The Healing Power of Kindness Kenneth Wapnick, 2004-10-01 The idea for this book originated with a talk given at the end of a week long class on sickness and healing at our Center The teaching staff was struck by the paradox of students on the one hand spending a week discussing healing in terms of forgiveness and undoing separation and on the other fervently practicing judgment and condemnation of each other directly opposite to the kind gentle tone of Jesus words in A Course in Miracles This talk thus was devoted to the kindness of healing in hopes of reinforcing Jesus message of undoing separation Kindness reflects our inherent oneness with each other while attack drives us still further apart in our awareness In reviewing the principles of sickness and healing and some common misapplications the discussion in this book helps us undo the sources of unkindness so that in all our interactions we would reflect the Source of kindness It is hoped that this little book will serve to remind us all of the need to be kind the spiritual principle par excellence Kindness created me kind

The Healing Power of Kindness Jean Maalouf, 2003-09 Each of us has the power to make the world a better place with simple acts of kindness The author shows how we all benefit from kindness and how it draws us closer to God and to one another Contrary to the popular belief that kindness is weakness kindness is a true strength precisely because it is a manifestation of God's love in us The nurturing and healing power of kindness is an ideal antidote for today's often restless and violent world

Healing Thubten Zopa,2012-01-30 We experience illness on a physical level but in order to be healed we must understand where true healing begins within our hearts and minds In Ultimate Healing internationally renowned meditation master Lama Zopa Rinpoche helps us to recognize the root of illness and gives us the tools to create our future happiness Beginning with stories of people who have recovered from disease through meditation Rinpoche addresses the central role played by karma and by the mental habit of labeling in causing illness and shows how meditation and other thought techniques for developing compassion and insight can eliminate the ultimate cause of all disease Ultimate Healing shows us that by transforming our minds especially through the development of compassion we can eliminate the ultimate cause of all disease In addition to relating stories of people who have recovered from disease through meditation Lama Zopa presents practical healing meditations including white light healing compassion meditation taking and giving and techniques to cure depression

The Healing Power of Kindness Kenneth Wapnick,2005-01-01 This second book on kindness centers on two statements of caution Jesus offers in A Course in Miracles Characteristic of his gentle guidance he tells us not to be disturbed by the shadows surrounding our little willingness to learn from him and not to despair because of our limitations These cautions were the themes of two workshops presented at our center Shadows of Limitation and Sweet Are the Uses of Adversity that form the basis of this book If we identify with the ego our limitations become cause for comparison and judgment and thereby impel us to seek ways to overcome the imperfections in our bodies and the world This focus serves the ego s purpose of concealing the mind s decision for guilt substituting a limited self for the unlimited Self of Christ Identifying with the loving Presence of the Holy Spirit in our right minds we recognize our self defeating choice thus allowing true correction to heal We now look kindly on our imperfections redefining them not as our reality but as mere detours on our journey home These shadows of limitation become the contours of the classroom that Jesus uses to teach us his kind lessons of forgiveness Thus do they ultimately fade in the light of the Atonement in which we are all joined as the one perfect Son of God
