The King Strang Story:

The King Strang Story Doyle C. Fitzpatrick, 1970 **Famous Assassinations in World History** Michael Newton, 2014-04-17 Representing a unique reference tool for readers interested in history criminology or terrorism this book provides the most complete and up to date coverage of assassinations of key figures throughout history and around the world Effecting the death of a political figure a leader of a nation or a public figure usually captures people s attention But how often is assassination effective to achieve the larger objective beyond the death of the targeted individual Famous Assassinations in World History An Encyclopedia offers more than 200 entries on assassinations of all kinds that will allow readers to grasp the often complex motivating factors behind each event and better understand historical and contemporary social unrest Each entry identifies the assassination target and summarizes that person s significance discusses the person s assassination including the factors that led up to it and its political and cultural contexts and explains the powerful effects of the assassination in world history The encyclopedia also includes various sidebars that spotlight relevant individuals groups and movements and present intriguing factoids such as the final disposition of notorious assassins weapons and various films and novels that were inspired by famous assassinations In addition 23 primary source documents provide accounts of assassinations throughout world history **John Strang Manuscript Published in Full in The King Strang Story** John Strang, 1819 Collection contains 1 handwritten manuscript of a memorandum of the family of Daniel d Estrange as well as an excerpt from The king Straug Story which is another copy of the manuscript **The Story of Detroit** George Byron Catlin, 1923 *Story of the Maumee Valley, Toledo, and the Sandusky Region* Charles Sumner Van Tassel, 1929 **A History of the Apocalypse** Catalin Negru, 2023-01-20 Religion For thousands of years this thing has dictated which people should live and which people should die what shape our buildings should have or what colors our garments should contain what food people should eat or what words people should speak If religion is the opium of the masses then beliefs about the end of the world are like overdoses People touched by such beliefs no longer rely on a hidden personal and intimate god contemplated upon from the safe distance of the beating human heart They live with the promise of divine intervention at a grand scale on the current coordinates of space and time This can be an exceptional motivator and a game changer in terms of civil obedience both at an individual and collective level In the name of an immediate and palpable deity people can commit shocking cruelties However such belief can also account for some of the most exceptional social developments in human history Michigan in Literature Clarence A. Andrews, 1992 Michigan in Literature is a guide to more than one thousand literary and dramatic works set in Michigan from its pre territorial days to the present Imaginative narrative dramatic and lyrical creations that have Michigan settings characters subjects and themes are organized into sixteen chapters on topics such as Indians in Michigan settlers who came to Michigan diversity in the state the timber industry the Great Lakes crime in Michigan literature Detroit and Michigan poetry In this most complete work to date Clarence Andrews

has assembled the literary reputation of a state He illustrates with a wide variety of literary works that Michigan is more than just a builder of automobiles a producer of apples and cherries a supplier of copper and lumber and the home of great athletes It is also a state that has played and continues to play an important role in the production of American literature To qualify for inclusion a work or a significant part of it has to be set in Michigan Andrews shows how novelists dramatists poets and short story writers have created their particular images of Michigan by using and interpreting the history of the state its land and waters people events ideas philosophies and policies sometimes factually sometimes modified or distorted and sometimes fancied or imagined Biographical information is featured about authors editors and compilers who range in fame from Ernest Hemingway and Elmore Leonard to persons long forgotten The published opinions and judgments of reputable critics and scholars are also presented

Pantaloons & Power Gayle V. Fischer, 2001 Clothing is often an indication of an individual's status and gender By the early nineteenth century clear definitions had developed regarding how American women and men were supposed to appear in public and how they were meant to lead their lives As men's style of dress moved from the ornate to the moderate women's fashions continued to be decorative and physically restrictive This visible separation of the sexes was paralleled in other arenas social cultural and religious Some women defied this convention and cut their skirts short abandoned their corsets and put on trousers In *Pantaloons and Power* Gayle V. Fisher shows how the reformers denouncement of conventional dress highlighted the role of clothing in the struggle of power relations between the sexes

The Saintly Scoundrel Andrew F. Smith, 1997 This is the first biography of one of this nation's most outrageous individuals a man who was president of the medical departments of two universities and chancellor of two others a member and officer of at least twenty different agricultural medical or social organizations an itinerant minister in three different denominations and a lobbyist who successfully ushered bills through legislatures in Ohio Virginia Indiana and Illinois Bennett's roles ranged from mayor of Nauvoo confidant of Joseph Smith and chicken breeder to surgeon quartermaster general of Illinois promoter of the tomato and diploma salesman His story is brilliantly told by an author who spent nine years uncovering and piecing together the facts *The Saintly Scoundrel* reveals Bennett as one of the nineteenth century's most enterprising and entertaining humbugs truly a man who excelled at promoting beliefs places things and himself whose ability to abruptly shift positions on people and faiths would dazzle even the most formidable propagandist of the twentieth century
