Charles Greenstreet Addison

The Knights Templars:

The Knights Templar Stephen Howarth,1982 The age of the Crusades encompassed the rise and fall of a singular Order of fighting men equally devoted to God war and the defense of Palestine After the Crusades the Templars obeyed no one except the Pope and acquired land and castles by gift conquest and purchase becoming a church within the Church They were bankers merchants diplomats and tax gatherers and though they themselves were poor the wealth of their Order was legendary As the nation states arose the Templars were accused of heresy treachery sodomy usury blasphemy and idolatry The author assesses the faults and fine qualities of the brotherhood examining the reasons for its initial allure and eventual ignominious obliteration [The History of the Knights Templar](#) Charles Addison,2018-06-21 A richly detailed sometimes

challenging work Charles Addison s *The History of the Knights Templar* traces the rise and fall of this legendary religious military organization Addison was an official member of the Templar Inner Table when he composed his definitive study This newly edited 2018 edition from The Templar Press updates some of Addison s more archaic wording into modern English

The Everyday Life of the Templars Helen J. Nicholson ,2017-08-17 *The Templars* Piers Paul Read,2009-01-06

Explores the rise fall and far reaching legacy of the Knights Templar **The History of the Knights Templars, the Temple Church, and the Temple** Charles Addison,2022-01-29 **The History of The Knights Templars, The Temple Church, and The Temple** Charles G Addison,2024-04-18 The warrior knights of the cross The Knights Templar were one of the most famous Christian military orders of the medieval period Officially endorsed by the church in the early decades of the 12th century the express purpose of the order was to provide defence and protection to Christian pilgrims The concept became a popular one and with patronage came wealth and power so that the order through a substantial infrastructure of non warrior members spread throughout Europe promoting its objectives developing financial institutions and building fortification on a grand scale However the Knights Templar are especially remembered today for the prowess of their military knights Clad in white mantles bearing the distinctive red cross the Templars both attracted and created some of the most expert and effective fighting men of their time Naturally the order was closely connected to the Holy Land and with the Crusades For some two hundred years it fought the forces of Islam for dominance of Jerusalem experiencing mixed fortunes in dozens of actions and major battles The eventual loss of the Holy Land could do no other than promote a decline in their fortunes and indeed the support for the Templars Furthermore the order s wealth and its independent structure wielding power outside state and church inevitably made it a target for both suspicion and dissolution The end came in 1312 in a welter of torture bloodshed and burnings at the stake The legend has lived on however and today the times of Knights Templar are to many more intriguing and evocative than ever Print ed *Secrets of the Knights Templar* Susie Hodge,2013-12-03 *Secrets of the Knights Templar* is the compelling chronicle of the warrior monks and their fight to defend

the Catholic faith and of their participation in the efforts to vie for control of the Holy Land with the Muslim armies of Kurdish military genius Saladin and his successors Informally organized in 1119 to protect pilgrims on their journeys to visit the Holy Land and officially sanctioned by the Catholic Church in 1129 the medieval Knights Templar grew into an elite fighting force that played a central role in the battles of the Crusades They were highly trained well equipped and unafraid to take up the sword to defend the church at the limits of western civilization Though Templar was initially celebrated for their military acumen and acts of bravery the once celebrated order was eventually dismantled in disgrace accused of political crimes as well as crimes against the faith With its concise authoritative and accessible narrative amplified by extensive citations from contemporary sources and accompanied by generously captioned and stunning images of the period *Secrets of the Knights Templar* brings a distant era of history dramatically and vividly to life It is the perfect gift for anyone with a love of medieval religious or military history From the Hardcover edition **The Knights Templar** Sean Martin,2004-11-20 Chronicles the rise of the Knights Templar who during the Crusades blended religious fervor with military prowess to become a powerful political force in Europe The History of the Knights Templars Charles Addison,2016-01-11 Addison details the rise of the Templars to become essentially the first multinational corporation The Templars were entrusted by the Church and States of Europe to be the spearhead of the crusades In the process they gained immense wealth and influence although individual Templars took a vow of poverty Jerusalem was won and lost several times by the crusaders through the 12th and 13th centuries Addison notably cites eye witness descriptions from both the Crusaders and their Moslem opponents to give a well rounded picture Note this copy is the original scanned edition there may be artifacts on the printed page
