The Last Dive

Bernie Chowdhury

The Last Dive:

The Last Dive Bernie Chowdhury, 2012-01-03 A tragic account of the father son dive team who met with disaster while exploring the wreck of a German U boat off the coast of New York Chris and Chrissy Rouse an experienced father and son scuba diving team hoped to achieve widespread recognition for their outstanding but controversial diving skills Obsessed and ambitious they sought to solve the secrets of a mysterious undocumented World War II German U boat that lay under 230 feet of water only a half day s mission from New York Harbor In doing so they paid the ultimate price in their quest for fame Bernie Chowdhury himself an expert diver and a close friend of the Rouses explores the thrill seeking world of deep sea diving including its legendary figures most celebrated triumphs and gruesome tragedies By examining the diver s psychology through the complex father and son dynamic Chowdhury illuminates the extreme sport diver s push toward and sometimes beyond the limits of human endurance Praise for *The Last Dive* Superbly written and action packed *The Last Dive* ranks with such adventure classics as *The Perfect Storm* and *Into Thin Air* Tampa Tribune A captivating account of sport diving Publishers Weekly Excellently written and a real grabber to read the book includes much information about the history equipment and people who make up the world of extreme or technical diving This book should be read by any diver thinking of getting involved in wreck cave deep or mixed gas diving Library Journal

The Last Mission Jim Smith, Malcolm McConnell, 2007-12-18 A gripping account of the final American bombing mission of World War II and how it prevented a military coup that would have kept Japan in the war How close did the Japanese come to not surrendering to Allied forces on August 15 1945 *The Last Mission* explores this question through two previously neglected strands of late World War II history whose very interconnections could have caused a harrowing shift in the course of the postwar world On the final night of the war as Emperor Hirohito recorded a message of surrender for the Japanese people a band of Japanese rebels commanded by War Minister Anami s elite staff burst into the palace They had plotted a massive coup that aimed to destroy the recordings of the Imperial Rescript of surrender and issue false orders forged with the Emperor s seal commanding the widely dispersed Japanese military to continue the war If this rebellion had succeeded the military would have proceeded with large scale kamikaze attacks on Allied forces costing huge casualties and just possibly provoking the Americans to drop a third atomic bomb on Japan over Tokyo and continue to drop more bombs as Japanese resistance stiffened Meanwhile in the midst of an end of war celebration on Guam Air Force radio operator Jim Smith and his fellow crewmen received urgent orders for a bombing mission over Japan s sole remaining oil refinery north of Tokyo As a stream of American B 29B bombers approached Tokyo Japanese air defenses fearing the approaching planes signaled the threat of a third atomic bomb ordered a total blackout in Tokyo and the Imperial Palace completely disrupting the rebels plans Smith and his fellow crewmembers completed the mission and a few hours later the Emperor announced the surrender over Japan s airwaves dictating the end of the war *The Last Mission* is an insightful piece of speculative investigation that combines narrative storytelling with

historical contingency and explores how two seemingly unrelated events could have profoundly changed the course of modern history The Last "True" Roller Derby Larry Smith, 2016-02-20 Larry Smith got some strange looks as a boy when he told everyone he wanted to join the Roller Derby but he did go on to have the time of his life living out his dream As a member of the International Roller Derby League he engaged in a style of play that gave the fans what they wanted fights hard skating and great athletic ability combined with a fast paced game As a member of Roller Derby he and his teammates welcomed minorities in the 1960s when racial tension was at its peak Whites and blacks skated together roomed together and stuck together like brothers and sisters Smith and his teammates sold out everywhere they played Madison Square Garden the Chicago Coliseum San Francisco's Cow Palace White Sox Park the Montreal Forum and hundreds of smaller venues While the quality of the game ultimately declined Smith was there for its glory years and he remembers it all as if it were yesterday He looks back on his many adventures some of them almost unbelievable in The Last True Roller Derby

Fishery Bulletin , 1991 Quattro Vincent Tanner, 2022-03-11 Why Quattro It is pretty simple Quattro means four and this book contains four novellas These four works are not related to one another in any possible way except for the fact they were all written by the same author They all have distinct characters with diverse personalities Where each story takes place is unique They are all of varying lengths and not surprisingly they all have individual titles so it does not matter in which order you read them 15 Minutes to Live Five chapters five dissimilar people five separate locations five different times All with one thing in common they all have only fifteen minutes to live Hamden Notch A sleepy little town with a grisly little secret HouseBeat There's no place like home except if the home doesn't want you there Crust Heaven Travel back in time before computers before cell phones even before most homes had televisions Back when life was simpler especially when viewed through the eyes of a nine year old boy Scuba Compendium Simon Pridmore, 2021-08-23 Only available in e book form this is the presentation in one volume of four books in Simon Pridmore's Scuba series Scuba Fundamental Scuba Confidential Scuba Exceptional and Scuba Professional In musical terms Scuba Compendium is a re-mastering and repackaging of the original albums rather than a greatest hits or a Best of compilation The books were written and published over a period of eight years and each book was designed for divers at a particular point in their diving life Listed in the order they were written the audience for Scuba Confidential was the general population of divers Scuba Professional was for those thinking of making a career out of the sport Scuba Fundamental was for non divers and beginners and Scuba Exceptional was for more experienced divers The idea was not to create a series It just turned out that way A number of topics merited inclusion for multiple groups of readers rebreathers and surface safety for example which meant that there was some unavoidable overlap between the individual books In Scuba Compendium the text and chapters have been cleaned up and streamlined to remove any unnecessary repetition and improve continuity Apart from this nothing is missing from the four original books and the only new material is an introductory chapter on the philosophy behind the Scuba series So if you already own all the books in

the Scuba series from a content point of view you have no need to buy this one However from a reference point of view some readers may find it an advantage to have these four books in one volume where every word or phrase in the series is easily searchable on an e reader They are arranged here in the order in which they make sense as a series following the path from beginner to diver to experienced diver to expert Scuba Compendium covers the full gamut of the sport diving experience and is a resource that will accompany a scuba diver throughout their career in the sport wherever it takes them to be dipped back into from time to time whenever necessary If you only own one or two books in the series then you may find Scuba Compendium well worthwhile for another reason too For instance if you are not a beginner you may think you don t need to read Scuba Fundamental but many experienced divers have found it useful and entertaining Also Scuba Professional introduces a number of topics such as real risk awareness and constructive paranoia which are just as relevant for amateur divers as they are for professionals Although the title makes it sound as if Scuba Professional is only for instructors this is certainly not the case And of course if you have not yet bought any of these four Scuba series books then this is a great option to buy all of them together with just one click Scuba Fundamental is a great book Simon Pridmore is to be congratulated for this insightful interesting and honest introduction to scuba diving He tells it as it is John Lippmann Divers Alert Network If PADI s Open Water manual is the Bible of scuba diving consider this the New Testament David Espinosa Editor in Chief Sport Diver magazines I so wish Scuba Exceptional had existed when I was in the early days of my diving life nearly 30 years ago Phil Short explorer and pioneer There is quite simply nothing like Scuba Professional It is the ultimate backstage pass into the business of scuba Jill Heinerth explorer and filmmaker Mozambique Philip Briggs,2014-08-01

Faceplate ,1974 **15 Minutes to Live** Vincent Tanner,2022-05-10 In February 1968 Andy Warhol coined the phrase fifteen minutes of fame His actual statement is slightly different He said In the future everybody will be world famous for fifteen minutes This is not about Andy Warhol nor is it about fame It is about fifteen minutes Fifteen minutes Not a very long amount of time by any standard However while it is a very brief period to some it can seem like an eternity to others depending on the situation and the circumstances You need to be somewhere important in just fifteen minutes and you are not quite ready Those minutes seem to fly by You are stuck in traffic on your way to catch a plane your flight boards in fifteen minutes Those minutes disappear as if by magic It is just one quarter of an hour fifteen short minutes 900 seconds but they are different things to different people To some they are too short to others they are too long This is not a very long book However it will take more than fifteen minutes to read Yet it contains only five chapters each separate one is about how five distinguished people deal with fifteen minutes These are not the best fifteen minutes of their lives it is their last fifteen minutes The question to you is What would you do with your one quarter hour your fifteen minutes your 900 seconds What would you be thinking What would run through your mind if you knew for certain that you had only Fifteen Minutes to Live

Breaking the Surface Greg Louganis,Eric Marcus,2006-03-01 This is a new edition of Greg Louganis s 1995 1 New York

Times bestselling autobiography and Literary Guild Selection It is the unflinchingly honest first person account of a man breaking free of a lifetime of silence and isolation Born to a young Samoan father and Northern European mother and adopted at nine months Greg began diving at age nine and at sixteen won a silver medal at the 1976 Montreal Olympics But despite his astonishing athletic skill Greg struggled with late detected dyslexia prejudice toward his dark skin coloring and anguish over his homosexuality which he felt compelled to hide Being in the spotlight intensified his difficulties with relationships and substance abuse However Louganis went on to win double gold medals at the 1984 and 1988 Olympics His triumph at the 1988 Olympics came several months after he tested positive for HIV This is the haunting searingly candid story of the world s greatest diver This new edition includes a new foreword
