They Dared Return Patrick K. O'Donnell, 2010-08 Having barely escaped Germany, several Jewish friends are determined to strike back at the Third Reich while their families languish in concentration camps. After months of training with the U.S. Army, a small group of spies is formed, including several former German soldiers now willing to betray their Fuhrer for the greater good of Germany. The mission's commander is a Jewish sergeant who only months earlier was plucked from the streets of Brooklyn. The men are sent on a covert operation deep into the heavily fortified area of Austria's Alpine Redoubt, where Hitler planned to make his last stand. Capture meant almost certain death; success, a swift end to the war. Using recently declassified files, private documents, and personal interviews, military historian Patrick K. O'Donnell has written another cinematic World War II drama filled with an unforgettable cast of characters and packed with action, suspense, and intrigue.
