Smith, Jr.,2015-02-20 From 1861 to 1865 the Civil War raged along the great rivers of the Ohio and Mississippi valleys While various Civil War biographies exist none have been devoted exclusively to participants in the Western river war as waged down the Mississippi to the mouth of the Red River and up the Ohio the Tennessee and the Cumberland Based on the Official Records county histories newspapers and internet sources this is the first work to profile personnel involved in the fighting on these great streams Included in this biographical encyclopedia are Union and Confederate naval officers down to the rank of mate enlisted sailors who won the Medal of Honor or otherwise distinguished themselves or who wrote accounts of life on the gunboats army officers and leaders who played a direct role in combat along Western waters political officials who influenced river operations civilian steamboat captains and pilots who participated in wartime logistics and civilian contractors directly involved including shipbuilders dam builders naval constructors and munitions experts Each of the biographies includes where known birth death and residence data unit organization or ship involvement in the river war pre and post war careers and source documentation Hundreds of individuals are given their first historic recognition The Timberclads in the Civil War Myron J. Smith, Jr.,2008-10-07 In the most detailed history ever of Union warships on the western waters of the Civil War the author recounts the exploits of the timberclad ships Lexington Tyler and Conestoga Converted to warships from commercial steamboats at the beginning of the conflict the three formed the core of the North's Western Flotilla later the Mississippi Squadron The book focuses on the activities of these wooden warriors while providing context for the greater war including accounts of their famous commanders their roles in both large and small battles ship to ship combat and support for the armies of Gen U S Grant and Gen William T Sherman **The Autobiography of Sir Henry Morton Stanley** Henry Morton Stanley,2023-08-23 Henry Morton Stanley was born in 1841 in Wales As a child Rowlands suffered years of abuse by his family and in the workhouse In 1859 at the age of eighteen he emigrated to America and began the process of reinventing himself pretending to be an American and taking the name of Henry Hope Stanley a successful cotton merchant he claimed he had met in New Orleans who informally adopted him and became a father figure to the young Stanley In his autobiography Stanley looks back on this time as being heavily affected by the abuse he endured and the stigma of illegitimacy During the Civil War Stanley became one of the few people to serve in the Confederate Army Union Army and the U S Navy and after the war he became a newspaper correspondent for the St Louis Missouri Democrat covering General Hancock's army in the Indian campaigns Stanley elaborates on his adventures during the Civil War and the Plains Indian Wars in the first half of the book In 1868

Stanley began covering the war in Abyssinia for the New York Herald which sent him to Africa to find David Livingstone a year later a feat that garnered him his first taste of international renown Stanley then spent the following twenty years exploring and charting the African interior authoring several best selling books and working as a colonial administrator for the Congo Free State of Belgian King Leopold II In this latter endeavor Stanley helped to establish one of the most controversial and violent colonial projects in the history of European imperialism During this time he worked on his autobiography DAB However Stanley died in 1904 before he could finish it and his wife Dorothy whom he married in 1890 stepped in to edit and prepare it for publication completing the work from Stanley s notes and drafts It was then published in London and Boston in 1909 *A World on Fire* Amanda Foreman,2012-06-12 NEW YORK TIMES BESTSELLER 10 BEST BOOKS THE NEW YORK TIMES BOOK REVIEW 2011 NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The Washington Post The New Yorker Chicago Tribune The Economist Nancy Pearl NPR Bloomberg com Library Journal Publishers Weekly In this brilliant narrative Amanda Foreman tells the fascinating story of the American Civil War and the major role played by Britain and its citizens in that epic struggle Between 1861 and 1865 thousands of British citizens volunteered for service on both sides of the Civil War From the first cannon blasts on Fort Sumter to Lee s surrender at Appomattox they served as officers and infantrymen sailors and nurses blockade runners and spies Through personal letters diaries and journals Foreman introduces characters both humble and grand while crafting a panoramic yet intimate view of the war on the front lines in the prison camps and in the great cities of both the Union and the Confederacy In the drawing rooms of London and the offices of Washington on muddy fields and aboard packed ships Foreman reveals the decisions made the beliefs held and contested and the personal triumphs and sacrifices that ultimately led to the reunification of America Engrossing a sprawling drama The Washington Post Eye opening immensely ambitious and immensely accomplished The New Yorker WINNER OF THE FLETCHER PRATT AWARD FOR CIVIL WAR HISTORY Haunted by Atrocity Benjamin G. Cloyd,2010-05-24 During the Civil War approximately 56 000 Union and Confederate soldiers died in enemy military prison camps Even in the midst of the war s shocking violence the intensity of the prisoners suffering and the brutal manner of their deaths provoked outrage and both the Lincoln and Davis administrations manipulated the prison controversy to serve the exigencies of war As both sides distributed propaganda designed to convince citizens of each section of the relative virtue of their own prison system in contrast to the cruel inhumanity of the opponent they etched hardened and divisive memories of the prison controversy into the American psyche memories that would prove difficult to uproot In Haunted by Atrocity Benjamin G Cloyd deftly analyzes how Americans have remembered the military prisons of the Civil War from the war itself to the present making a strong case for the continued importance of the great conflict in contemporary America Throughout Reconstruction and well into the twentieth century Cloyd shows competing sectional memories of the prisons prolonged the process of national reconciliation Events such as the trial and execution of CSA Captain Henry Wirz commander of the

notorious Andersonville prison along with political campaigns the publication of prison memoirs and even the construction of monuments to the prison dead all revived the painful accusations of deliberate cruelty As northerners white southerners and African Americans contested the meaning of the war these divisive memories tore at the scars of the conflict and ensured that the subject of Civil War prisons remained controversial By the 1920s the death of the Civil War generation removed much of the emotional connection to the war and the devastation of the first two world wars provided new contexts in which to reassess the meaning of atrocity As a result Cloyd explains a more objective opinion of Civil War prisons emerged one that condemned both the Union and the Confederacy for their callous handling of captives while it deemed the mistreatment of prisoners an inevitable consequence of modern war But Cloyd argues these seductive arguments also deflected a closer examination of the precise responsibility for the tragedy of Civil War prisons and allowed Americans to believe in a comforting but ahistorical memory of the controversy Both the recasting of the town of Andersonville as a Civil War village in the 1970s and the 1998 opening of the National Prisoner of War Museum at Andersonville National Historic Site reveal the continued American preference for myth over history a preference Cloyd asserts that inhibits a candid assessment of the evils committed during the Civil War The first study of Civil War memory to focus exclusively on the military prison camps *Haunted by Atrocity* offers a cautionary tale of how Americans for generations have unconsciously constructed their recollections of painful events in ways that protect cherished ideals of myth meaning identity and ultimately a deeply rooted faith in American exceptionalism

Tinclads in the Civil War Myron J. Smith, Jr., 2010-01-13 Once the Union Army gained control of the upper rivers of the Mississippi Valley during the first half of 1862 slow and heavy ironclads proved ineffective in patrolling the waters Hastily outfitted steamboats were covered with thin armor and pressed into duty These tinclads fought Confederate forces attacking from the riverbanks provided convoy for merchant steamers enforced revenue measures and offered tow dispatch and other fleet support services This history documents the service records and duties of these little known vessels of the Union fleet
