Sir Elton The Definitive Biography:

Sir Elton Philip Norman, 2019-05-16 He's got me spot on Elton John Anyone who can read will admire the intelligence the detail and the robust good sense of this biography It captures the flavour of the times every bit as distinctively as it captures the personality of Elton John Sunday Telegraph Elton John is one of the biggest stars in the world a man whose extraordinary career has resulted in timeless songs and sold out world tours But how did the sensitive boy from Pinner who started out pounding the piano in a pub become such an iconic figure Philip Norman's acclaimed biography paints a frank but sympathetic portrait from Elton's rise to success to the attempted suicides from Watford football club chairman to flamboyant Versace shopaholic from the draining addictions to his turbulent personal relationships and the extraordinary moment in Westminster Abbey when Candle in the Wind turned into a requiem for his friend Diana Princess of Wales Covering the first five decades of Elton's life setting him in the context of the changing music scene this is a vivid perceptive superbly researched account of a musical legend Sir Elton Philip Norman, 2001 Sir Elton Philip Norman, 2000 This is the story of Elton John whose career began as Reg Dwight pounding the piano in a Pinner pub but who achieved massive fame with his performance at the funeral of Diana Princess of Wales This edition updates his story *Captain Fantastic* David DeCouto, 2018-04-06 The definitive artist of post Watergate America Elton John accounted for a staggering two percent of all global record sales by 1975 while his concert tours routinely broke house records set by the Rolling Stones and the Beatles Combining rigorous research with critical insight and drawing on over ninety firsthand interviews with Elton's closest friends and collaborators *Captain Fantastic The Definitive Biography of Elton John in the 70s* is a no holds barred portrait of the troubled genius who helped change the landscape of popular music more than any other solo artist since Elvis Presley *Captain Fantastic The Definitive Biography of Elton John in the 70s* explores in intimate detail the life of a greatly misunderstood icon during the Technicolor decade when his creative powers were at their zenith and his personal life at its most conflicted The result is a work that provides fresh insight into a musical force nonpareil including explorations of Elton's battles with various addictions his suicide attempts including one never before spoken of his startling success as a leading icon of the era his exploration of his sexuality the stories behind nearly every song he wrote and recorded during the decade and much more This blunt yet compassionate portrait which features a foreword from Jethro Tull's iconic leader Ian Anderson and an afterword by A J Croce the critically acclaimed pianist and son of the late Jim Croce also comes complete with many rare and never before published photographs as well as a complete list of every concert including city date venue that Elton gave during the 70s and a detailed bibliography Everything knows everything about me and everyone knows nothing Elton once said With the publication of *Captain Fantastic The Definitive Biography of Elton John in the 70s* that is about to change Elton Philip Norman, 1992 *Elton* David Buckley, 2007 One of music's true global superstars and most admired figures Elton John has sold an estimated 200 million albums worldwide to date and continues to appear regularly in

the singles charts thanks largely to a series of high profile collaborations with new faces But he is loved as much for his outrageous personality and witty outspokenness as for his music recent memorable outbursts have included a public comment that people who charge 75 and lip sync should be shot and calling some pushy photographers rude vile pigs He has even admitted that in one of his more comedic cocaine fueled moments he phoned one of his management team to tell him to do something about the wind outside my hotel room Such shamelessness and sheer silliness rivals anything uttered by punk rockers yet it is so typically Elton honest and wittily intemperate Tragedy and heartbreak have played a large part in his life too Behind the parties the hedonism the lavish stage costumes and silly glasses lies a more somber story There have been disputes with managers legal wranglings splits with partners and a divorce Added to that there have been serious health problems a very public battle with his expanding waistline and receding hairline drug addictions and spells when he wanted to quit the music business altogether But now at 60 years old Elton enjoys a stable relationship with his husband David Furnish His demons have been overcome His commercial and critical stock is rising With popular acts like the Scissor Sisters sounding more like Elton than Elton himself Elton John is finally cool again Drawing on many firsthand interviews with his associates and musical collaborators this page turning story of high drama and prodigious talent traces Elton s astonishing journey through life as the colossus of camp while also offering a critical history of his work and analyzing afresh his contribution to popular music

Life in the Fast Lane Mick Wall,2023-07-11 Surely make you lose your mind So the Eagles warn us about the outrageous and ruthless lifestyle of the ambitious rock n roller In fact Don Henley could barely listen to the track Life in the Fast Lane when they were recording it

He was so high that it made him sick The band that embodied the American dream with globe straddling success impossibly luxurious lives and almost supernatural talent also descended into nightmare with bloodletting betrayal hate filled hubris the skeletons of perceived enemies brutally discarded lovers and former band mates left unburied in the road behind them The Eagles story is a truly gothic American fable one of ultimate power and rivers of money of sex and drugs at a time when both were the lingua franca of sophisticated So Cal living of a band who sang of peaceful easy feelings in public while threatening to kill each other in private Now legendary rock journalist Mick Wall delivers definitive insight into America's best selling band of all time a band that has sold more records than Led Zeppelin and the Rolling Stones combined exploring their meteoric rise to fame and the hedonistic days of the 70s music scene in LA when American music was taking over the world
