In Two Volumes. Vol. 1. [- 2.] ,1830 Cosmo Innes and the Defence of Scotland's Past c. 1825-1875 Richard A.

Marsden,2016-05-13 Today Scotland s history is frequently associated with the clarion call of political nationalism However in the nineteenth century the influence of history on Scottish national identity was far more ambiguous How then did ideas about the past shape Scottish identity in a period when union with England was all but unquestioned The activities of the antiquary Cosmo Innes 1798 1874 help us to address this question Innes was a prolific editor of medieval and early modern documents relating to Scotland s parliament legal system burghs universities aristocratic families and pre Reformation church Yet unlike scholars today he saw that editorial role in interventionist terms His source editions were artificial constructs that powerfully articulated his worldview and agendas emphasising Enlightenment inspired narratives of social progress and institutional development At the same time they used manuscript facsimiles and images of medieval architecture to foreground a romantic concern for the texture of past lives Innes operated within an elite associational culture which gave him access to the leading intellectuals and politicians of the day His representations of Scottish history therefore had significant influence and were put to work as commentaries on some of the major debates which exorcised Scotland s intelligentsia across the middle decades of the century This analysis of Innes s work with sources set within the intellectual context of the time and against the antiquarian activities of his contemporaries provides a window onto the ways in which the national past was perceived in Scotland during the nineteenth century This allows us to explore how historical thinkers negotiated the apparent dichotomies between Enlightenment and Romanticism whilst at the same time enabling a re examination of prevailing assumptions about Scotland s supposed failure to maintain a viable national consciousness in the later 1800s **Literary Memory** Catherine Jones,2003 Theoretically and historically grounded Literary Memory will appeal to all those interested in the writings of Scott the Scottish Enlightenment Romantic cultural history the history of the novel narrative theory and literature in relation to psychology and psychoanalysis **BOOK JACKET The Wiltshire**

Archæological and Natural History Magazine ,1860 **Sentimental Masculinity and the Rise of History, 1790-1890** Mike Goode,2009-05-14 Challenges the received account of the way in which modern historical thought developed in the nineteenth century *The Wiltshire Archaeological and Natural History Magazine* ,1859 Includes proceedings of the annual general meetings of the Wiltshire Archaeological and Natural History Society
