She's got a potential problem with the director of *The King Takes a Bride*, and she wants Anika to pose as a production assistant and report back. As the king of a tiny European country, Luca St. Marten knows the world views him as one of the pampered royalty of the world. It couldn't be further from the truth. His country is hurting, and he's right there on the front lines with his citizens. When he's asked to do a dating show, his counselors point out that it could bring tourism back to Ralavia. It goes against his every desire, but he agrees. When one of the contestants drops out at the last minute, Anika finds herself replacing the potential princess. Bull, 2020-02-06 Sirens are sounds that confront us in daily life from the sounds of police cars and fire engines to less often tornado warnings. Ideologies of sirens embody the protective, the seductive and the dangerous elements of siren sounds from the US Cold War public training exercises in the 1950s and 1960s to the seductive power of the sirens entrenched in popular culture from Wagner to Dizzee Rascal from Kafka to Kurt Vonnegut from Hans Christian Andersen to Walt Disney. This book argues using a wide array of theorists from Adorno to Bloch and Kittler that we should understand siren sounds in terms of their myth and materiality and that sirens represent a sonic confluence of power, gender and destructiveness embedded in core Western ideologies to the present day. Bull poses the question of whether we can rely on sirens both in their mythic meanings and in their material meanings in contemporary culture.
