Forget Them Not Joanne M. Hemenway, 2010-07-09 To witness effectively and powerfully to Christian testimonies of care and compassion of justice and mercy of healing and wholeness it is necessary to foster awareness of the realities of the present system of retributive justice if there is to be any hope of transformation to a system of justice which is restorative Forget Them Not provides a history of the prison system as a means of punishment contrasting it with the relatively recent but growing practice of restorative justice Joanne Hemenway explores the concept of disconnection as radical evil as a separation from God who is the source of our being and shows how our present approach to punishment fosters this evil The present system with its motif of retributive justice generates shame rejection and loneliness which stokes the fires of anger and rage This breeds deep disconnection which only serves to fuel further cycles of violence Hemenway presents three vignettes designed to help explore forgiveness in the context of both retributive and restorative justice To promote healing and connection Forget Them Not introduces compassionate witnessing in prison ministry as a way to develop awareness and empowerment

Ninona's Story Eva Wolsgaard-Iversen, 2015-08-25 Sitting in a cell knowing she is going to die Ninona thinks back on her life Her choices and the consequences When she comes to a clearing in the forest the choice she makes to settle and make it her home has consequences beyond her wildest imagination She is forced to face her fears and deal with her regrets shame and guilt Ninona's Story is not just about the physical journey but more so the spiritual journey We share her thought and feelings while learning how she deals with it all The forest itself and the animals in it help and support Ninona in her process she in turn gives back what she can As she helps the young male wolf she not only explains to him what she does and why but also how the physical ailments often are the body showing the need to deal with deep buried psychological challenges as in order to heal the broken leg the wolf has to mend his broken heart Ninona is later on reminded that even as a healer she is not expected to heal the world Ninona learns about the all important balance between the elements and how nature always has to maintain that balance as its existence depends on it She is a student of nature who becomes a teacher a teacher who speaks the language of nature While being a student of nature her own boundaries are pushed further and further out

in de valued cultural groups As a model it is ideal for work with couples it encourages active participation in relationships fosters the well being of everyone involved and acknowledges that we grow through and toward relationships throughout the lifespan Part and parcel with relationships is the knowledge that whether intentionally or not we fail each other misunderstand each other and hurt each other causing an oftentimes enduring disconnect This book helps readers understand the pain of disconnect and to use RCT to heal relationships in a variety of settings including with heterosexual couples lesbian and gay couples and mixed race couples Readers will note a blending of approaches person centered narrative systems and feminist theory all used to change the cultural conditions that can contribute to problems unequal sometimes abusive power arrangements marginalization of groups and rigid gender race and sexuality expectations Readers will learn to help minimize economic and power disparities and encourage the growth of mutual empathy while looking at a variety of relational challenges such as parenting stepfamilies sexuality and illness Polarities of you vs me will be replaced with the healing concept of us

Lake, 1991-03-01 An exciting glimpse into the world of Native American shamanism Many today claim to be healers and spiritual teachers but Medicine Grizzlybear Lake definitely is both In this work he explains how a person is called by higher powers to be a medicine man or woman and describes the trials and tests of a candidate Lake gives a colorful picture of Native American shamanism and discusses ceremonies such as the vision quest and sweat lodge

How Connections Heal Maureen Walker, Wendy B. Rosen, 2004-04-22 From faculty and associates of the Stone Center s Jean Baker Miller Training Institute this practice oriented casebook shows how relational cultural theory RCT translates into therapeutic action Richly textured chapters all written especially for this volume explain key concepts of RCT and demonstrate their application with diverse individuals couples families and groups as well as in institutional settings Emphasizing that relationship is the work of therapy case narratives illuminate both the therapist and client factors that promote or interfere with movement toward connection Highlighted are the ways in which cultural contexts profoundly influence relationships how growthful connection inevitably includes conflict and how experienced therapists work on a moment by moment basis to engage with and counteract personal and cultural forces of disconnection
