The Korean Conflict Search For Unification:

The Korean Conflict Mahavir Prasad Srivastava, 1982 *The Korean Conflict*, 1982 *The Korean War* Stanley Sandler, 2014-01-14 First major clash with a communist army The Korean War was America's first ideological conflict and the first large scale clash between U S UN forces and a Communist army More than any other event it signaled the beginning of Cold War mobilization for the U S and NATO and even though the specter of international communism had since faded away the animosities of The Forgotten War threaten to flare up even today Focuses on military topics The Korean War contains articles of varying lengths on key topics that range from the origins of the conflict ground naval and air operations and tactical planning to the Truman MacArthur face off the POW issue and armistice negotiations The bulk of the Encyclopedia focuses on such military topics as the use of artillery the pioneering concept of helicopter evacuation of wounded new infantry tactics dictated by Communist POW riots civil affairs larger military units and communications There are also articles on civilian and military leaders including President Eisenhower General Ridgeway Kim Il Sung Chou En lai Syngman Rhee and others Special features Articles written by experts in the field Useful to librarians scholars researchers and students alike Includes 48 maps and photographs Covers an extraordinary range of key topics A chronology extensive bibliography and a subject index are included **The Korean War** Paul Edwards, 2003-01-09 This historical dictionary of the Korean War is designed to provide brief but helpful information about all aspects of the war including units involved the United Nations political and military actions significant sites and operations and weapons use **Historical Dictionary of the Korean War** Paul M. Edwards, 2010-06-10 The Korean War has often been regarded as a forgotten war although that is certainly unfair It was if anything a rather crucial war within the ambit of the Cold War started by North Korea in 1950 and although the bulk of the fighting was over by 1954 peace has never been concluded and the two sides still face off over the demilitarized zone On the other side of the zone is South Korea which has since become a very prosperous and democratic country while North Korea has achieved relatively little So that war is certainly not forgotten by the Koreans And given the large number of deaths and casualties it is still remembered by many in the United States and other allies as well as China and the Soviet Union This Historical Dictionary of the Korean War now in its second edition does much to jolt our memory and inform us about the war This is done first in a lengthy chronology tracking the war but also the path to war and what happened after The introduction covers the war as a whole trying to make sense of it The dictionary section provides all of the necessary details on significant persons places and events battles and other engagements military units and material as well as the political economic and social background There are also maps and a list of acronyms This is really the ideal source for information in addition to which it also has an extensive bibliography **The Korean Armistice** Sydney D Bailey, 1992-07-13 Little is known by practitioners or academics about the dynamics of war termination This book describes the negotiation and implementation of the armistice following the Korean war and the Korean phase of the Geneva

conference 1954 It also analyzes some of the problems of coalition diplomacy It thus foreshadows some of the problems that were encountered in conducting a UN authorized war in the Gulf and in the problems of negotiating a secure peace
