

Love bestows prophesy; love yields miracles; love is an abyss of illumination; love is a fountain of fire: in the measure that it wells up, it inflames the shivery soul. Love is the state of angels. Love is the progress of eternity.

— Step 30

The Holy Fathers of the Church left us their grace-filled writings in order to guide us on the path of the spiritual life. Saint John Klimakos' *Ladder of Divine Ascent* is undoubtedly one of the most important of all such texts. A timeless classic of Orthodox Christian spirituality, it is read aloud each year during the Great Fast in the refectories of Orthodox monasteries around the world. It has inspired generations of monks and lay alike to climb the rungs of the spiritual life with renewed zeal, ardently ascending the steps of the virtues towards the goal: eternal life in the Kingdom of God.

The Ladder of Divine Ascent Saint John (Climacus),1997 **Thirty Steps to Heaven** Vassilios Papavassiliou,2013 Many laypeople have attempted to read the great spiritual classic The Ladder of Divine Ascent but have been frustrated in attempting to apply the lessons of this monastic text to their everyday lives in the world Archimandrite Vassilios interprets

the Ladder for the ordinary Christian without sacrificing any of its beauty and power. Now you too can accept the challenge offered by St John Climacus to ascend closer to God with each passing day. The Role of Death in the Ladder of Divine Ascent and the Greek Ascetic Tradition Jonathan L. Zecher, 2015. The Ladder of Divine Ascent, the work of an otherwise shadowy figure John Climacus, abbot of St Catherine's Sinai ca. 579-649 CE, is one of the most popular and enduring classics of Greek ascetic spiritual direction. Hailed as the great synthesis of early ascetic writings, the Ladder presents a spirituality self-consciously rooted in the literary and theological tradition of the Desert Fathers and the Great Old Men of Gaza. Despite its incredible popularity among monastic and lay readers, the Ladder is virtually unknown in scholarship. In this work, Jonathan L. Zecher offers a sustained study of the Ladder's spiritual vision, which is contextualized within an equally sustained genealogical survey of Climacus's own tradition. The Ladder is built up through the memory of death, a term referring to admonitions of early authors to remember one's inevitable but unknowable death and to contemplate the divine judgment which would follow, to cultivate particular ascetic Christian lifestyles in their readers. In the literature that formed Climacus, every aspect of the memory of death varied considerably, but Climacus draws these together in the Ladder so that death and the judgment which follows define a symbolic framework within which monks reflect on their past and approach the future. Climacus also took up metaphorical practices of dying to oneself and others to craft an idea of spiritual progress in the imitation of Christ, taking into account failure and frailty. At the heart of this study is the abiding question of how tradition forms, and in the Ladder is an outstanding example of how unflinching fidelity to tradition results in a creative synthetic achievement.
