The Land And People Of The West Indies:

The Land and People of the West Indies Philip Sherlock, 1967-01-01 Describes the past history and current development of the seven hundred islands whose climates, crops and geography are similar but whose allegiances to culture, politics and nationality vary greatly *The Land and People of the West Indies*, 1996 **The Land and People of the West Indies** Sir Philip Manderson Sherlock, 1967 Describes the past history and current development of the seven hundred islands whose climates, crops and geography are similar but whose allegiances to culture, politics and nationality vary greatly *Critical Perspectives on Caribbean Literature and Culture* Dorsía Smith, Tatiana Tagirova, 2011-01-18 *Critical Perspectives on Caribbean Literature and Culture* is a collection of a dozen essays by Caribbean scholars living in the Caribbean and around the world. Each of the three sections of the book explores the Caribbean as a diasporic space through the lenses of literary and cultural systems. *Negotiating Borders: Women, Sexuality and Identity* examines the creolized identities of Caribbean societies, gender roles of women, impact of sexual tourism and censorship of Latino gays and lesbians. The essayists in this section note that much work still needs to be done in academia to give voice to repressed Caribbean populations. *Creating Spaces of Caribbean Artistic Expression: Multiple Representations* focuses on how music, identity, art and language depict the diversity of the Caribbean experience. In this section, the essayists examine how the process of creation extends to new cultural expressions. *Deconstructing the Diaspora: Caribbean Writers as Political Activists* takes into account the tension between oppressor and oppressed, a pressing issue for many Caribbean authors, and focuses on the role of writers in reconstructing Caribbean culture, politics and history. In pursuit of a more comprehensive West Indian view, this publication provides a novel perspective on Caribbean literary, cultural and historical experience. The essays featured complement each other in their representation of the multiplicitous Caribbean region with all its claims and anxieties. They cover a wide range of writers and diverse cross-cultural encounters within the Caribbean region and reflect on issues such as Caribbean identity, migration and artistic form of expression. This publication cuts across geographies, cultures and disciplines, enriching Caribbean scholarship by recognizing the Caribbean's tradition of resistance and courage. **The Peoples of the Caribbean** Nicholas J. Saunders, 2005-12-16 A true first, this encyclopedia is the only comprehensive guide ever published on the archaeology and traditional culture of the Caribbean. In *The Peoples of the Caribbean*, archaeologist Nicholas J. Saunders assembles for the first time a comprehensive sourcebook on the archaeology, folklore and mythology of the entire region, charting a story 7 000 years in the making. Drawing on decades of study in the Caribbean and South America, Saunders explores landmark archaeological sites such as Caguana in Puerto Rico with its ceremonial architecture and ballcourts and plantation sites such as Jamaica's Drax Hall. The author dives into the underwater archaeology of Spanish treasure galleons and untangles stories of cannibalism, zombies and hallucinogenic snuffing rituals. He examines the impact of key Europeans such as Christopher Columbus and introduces readers to the native people such as the Arawak who welcomed them. Bringing

the story up to date Saunders chronicles the struggle of the indigenous people from the Caribs of Dominica to the Ta no of the Dominican Republic trying to reclaim and revitalize their historical cultural identity **Caribbean Land Tenure Symposium** Caribbean Research Council.
