McGee Jr., 2007-01-08 The Last Dreamer is his first full length work of fiction He states I can only pray that this book will enhance those who read it to take heed to its contents For the story will lean towards a reality which all of us face today Within every chapter there is a message for that third person within all of us the true man or woman our spiritual self where we can find the presence of God through the Holy Ghost that resides within us

The Last Dreamers Padraig J. Daly, 1999 This is a generous selection of new and old poems from this best loved Irish poet Daly s poetry is the best kind of religious poetry the presence of God is felt in the confession of humanity

Nightpeople Anthony Eaton, 2015-09-01 When you have nowhere left to run sometimes the only place is the sky Saria is the last of her kind the final child to be born in the Darklands a quarantined expanse of outback desert contaminated generations earlier by the remote and mysterious Nightpeople Spirited away at her birth before the Nightpeople could remove her from the genetic pool Saria now in her early teens is called before the Council of Dreamers to be used as a bargaining chip There she discovers the truth about her own past and that of her people Nightpeople explores a society turned in upon itself and a future which readers will find both alien and disturbingly familiar This is an outstanding novel the best work to date from a writer who has already won the Premier s Award superb writing a thoroughly engrossing story and utterly credible characters trapped in a future world that is as fascinating as it is dangerous A page turner if ever there was one

Van Ikin **Where Happiness Dwells** Robin Ridington, Jillian Ridington, 2013-02-27 The Dane zaa people have lived in BC s Peace River area for thousands of years Elders documented the people s history and worldview in oral narratives and passed them on through storytelling Language loss however threatens to break the bonds of knowledge transmission At the request of the Doig River First Nation anthropologists Robin and Jillian Ridington present a

history of the Dane zaa people based on oral histories collected over a half century of fieldwork These powerful stories span the full length of history from the story of creation to the fur trade from the arrival of missionaries to modern land claim cases Elders document key events as they explain the very nature of the universe The Dane zaa were one of the last nations to experience the effects of colonialism Where Happiness Dwells not only preserves their traditional knowledge for future generations it also tells the inspiring story of how they learned to succeed in the modern world *Neoliberalism and Global Cinema* Jyotsna Kapur,Keith Wagner,2011-05-09 In cinema studies today rarely do we find a direct investigation into the culture of capitalism and how it has been refracted and fabricated in global cinema production under neoliberalism However the current economic crisis and the subsequent Wall Street bailout in 2008 have brought about a worldwide skepticism regarding the last four decades of economic restructuring and the culture that has accompanied it In this edited volume an international ensemble of scholars looks at neoliberalism both as culture and political economy in the various cinemas of the world In essays encompassing the cinemas of Asia Africa Latin America Europe and the United States the authors outline how the culture and subjectivities engendered by neoliberalism have been variously performed contested and reinforced in these cinemas The premise of this book is that the cultural and economic logic of neoliberalism i e the radical financialization and market driven calculations of all facets of society are symptoms best understood by Marxist theory and its analysis of the central antagonisms and contradictions of capital Taking a variety of approaches ranging from political economy ideological critique the intersection of aesthetics and politics social history and critical cultural theory this volume offers a fresh broad based Marxist analysis of contemporary film media Topics include the global albeit antagonistic nature of neoliberal culture the search for a new aesthetic and documentary language the contestation between labor and capital in cultural production the political economy of hollywood and questions of gender sexuality and the nation state in relation to neoliberalism

Historical Dictionary of Chinese Cinema Dan Luo,Tan Ye,Yun Zhu,2024-09-23 Motion pictures were introduced to China in 1896 and today China is a major player in the global film industry However the story of how Chinese cinema became what it is today is exceptionally turbulent encompassing incursions by foreign powers warfare among contending rulers the collapse of the Chinese empire and the massive setback of the Cultural Revolution This book covers the cinematic history of mainland China spanning across over one hundred and twenty years since its inception Historical Dictionary of Chinese Cinema Second Edition contains a chronology an introduction and an extensive bibliography The dictionary section has more than 200 cross referenced entries on the major filmmakers actors and historical figures representative cinematic productions genre evolution significant events and institutions and market changes This book is an excellent resource for students researchers and anyone wanting to know more about Chinese Cinema *The Formation of Chinese Art Cinema* Li Yang,2018-10-31 The Formation of Chinese Art Cinema 1990 2003 examines the development of Chinese art film in the People s Republic of China from 1990 when the first Sixth Generation film *Mama* was released to 2003 when authorities

acknowledged the legitimacy of underground filmmakers Through an exploration of the production and consecration mechanisms of the new art wave and its representative styles this book argues that the art wave of the 1990s fundamentally defined Chinese art cinema In particular this vital art wave was not enabled by democratic liberalism but by the specific industrial development in which the film system transitioned from Socialist propaganda into a commercialized entity Allowing Chinese art film to grow but at the same time denying its legitimacy this paradoxical transition process shaped Chinese art film s institutional and aesthetical alternative positioning which eventually helped consolidate the art wave into art cinema Ultimately this book is a history of the Chinese portion of global art cinema which also reveals the complex Chinese cultural experiences during the Reform Era

The Freedom Artist Ben Okri, 2021-05-26 An NPR Best Book of 2020 Okri s tale is especially resonant in our current post truth environment Booklist starred review In a world uncomfortably like our own a young woman called Amalantis is arrested for asking a question Her question is this Who is the Prisoner When Amalantis disappears her lover Karnak goes looking for her He searches desperately at first then with a growing realization that to find Amalantis he must first understand the meaning of her question Karnak s search leads him into a terrifying world of deception oppression and fear at the heart of which lies the prison Then Karnak discovers that he is not the only one looking for the truth The Freedom Artist is an impassioned plea for justice and a penetrating examination of how freedom is threatened in a post truth society In Ben Okri s most significant novel since the Booker Prize winning The Famished Road he delivers a powerful and haunting call to arms With the stark power of myth this political allegory evolves into an argument for artistic freedom The New York Times Book Review With prophetic warnings of apocalypse akin to Octavia Butler s The Parable of the Sower The Freedom Artist offers a contemplative look at post truth society Sierra Magazine The concise declarative prose and the parable like architecture of the stories resemble ancient forms of wisdom literature The Wall Street Journal Combines fable folklore and mythology with moments of surreal horror to produce a rallying cry against the oppressive institutions that would seek to make knowledge illegal Locus Magazine
