Scott-Bottoms, 2024-04-30 Do you want to play a game *Incarceration Games* reexamines the complex history and troubled legacy of improvised interactive role playing experiments With particular attention to the notorious Stanford prison study the author draws on extensive archival research and original interviews with many of those involved to refocus attention on the in game choices of the role players themselves Role playing as we understand it today was initially developed in the 1930s as a therapeutic practice within the New York state penal system This book excavates that history and traces the subsequent adoption of these methods for lab

experimentation during the postwar stage production era in American social psychology It then examines the subsequent mutation of the Stanford experiment in particular into cultural myth exploring the ways in which these distorted understandings have impacted on everything from reality TV formats to the enhanced interrogation of real world terror suspects Incarceration Games asks readers to reconsider what they thought they knew about this tangled history and to look at it again from the role player s perspective Federal Probation ,1983 Report of the Committee of the Society for the Improvement of Prison Discipline, and for the Reformation of Juvenile Offenders Society for the Improvement of Prison Discipline and for the Reformation of Juvenile Offenders (London, England),1823 *Report of the Prison Association of New York* Prison Association of New York,1847
