Marc Weissbluth, M.D., Eileen Behan

The Happy Taddoler Hardcover:

Stay Happy Children's Stories Barnabas Gikonyo Ph.D., 2022-03-21 This second book continues from where book one left off the fun filled stories based on real life adventures of the author and perhaps the most heartfelt they are a selection from among the thousands of stories that he shared with his daughter Lois to whom all these book series are dedicated every night from the time she was around 2 years old to around 7 years of age Every night without fail before going to sleep the author would read children s Bible stories pray with her and narrate to her a true life story about his very adventurous childhood years growing up in Kenya Having been born in the United States and having a great deal of intellectual curiosity and adventure she found the stories unbelievably exciting Amazingly she still does even as a young adult Over and above the stories the books provide fun activities plus riddles that we share with family and friends over dinner What better way to enjoy dinner time with family and friends than share some of these unique fun and challenging riddles Answers included It s better than listening to Uncle Pete s fake adventures about wrestling 5000 pound Arctic crocodiles while filming documentaries about Arctic penguins These are a sure way to keep families at home and while traveling really engaged and having fun These fun activities also have a learning component where the young and the young at heart learn a few important facts and principles about every topic covered in each story but in a fun non traditional class way The author owns the copyright to all the graphics The names of characters and places have been changed to protect identities Stay Happy You Have Incredible Value Barnabas K Gikonyo Ph D *Parenting a Happy Child* Peter Claver Ugo, 2018-10-19 A Latin adage says Dat quod non habet meaning No one gives what he does not have This wise saying makes sense in the business of parenting We are in an age where children are begetting children due to lack of knowledge which contributes to rampant teenage pregnancy It gets complicated when a teenager who should still needs parental care becomes a parent This book examines some of the fundamental precautions that should be taken from the moment of conception such as the effects of toxins or teratogens that could affect the health of the baby in the womb Every parent who has the good of their baby in the womb in mind should know about these toxins and avoid putting them into their body The fundamentals to parenting with resilience and grace lies in the sacred nature of the human body as presented in this book Any form of physical and emotional abuse or addiction to alcohol and substances of abuse that can pose danger to the unborn baby or a child should be avoided The need for the parents to form a secure attachment with the baby cannot be underestimated as insecure attachment could result to lifelong emotional and psychological imbalance in the child if not properly addressed This book also seeks to emphasize that no two persons are ever the same not even identical twins Therefore the former idea in parenting that tends to say that one size fits all is untenable when it comes to raising a child who can live true to his or her nature I have in this book explored the various traits and energy movements that could inform the personality of your child and offer best practice tips to raise each child to be happy and successful Many behavioral warning signs that could show when the child is not

properly being raised or abused are discussed Finally some measures that could be taken to arrest the effects of poor parenting and healing of a traumatized inner child are equally presented It is my sincere hope that many will find this book a good guide and reference book in raising their children

A Good and Happy Child Justin Evans, 2007-05-22 A young man reexamines his childhood memories of strange visions and erratic behavior to answer disturbing questions that continue to haunt him and his new family in this psychological thriller named a Washington Post best book of 2007 Thirty year old George Davies can't bring himself to hold his newborn son After months of accepting his lame excuses and strange behavior his wife has had enough She demands that he see a therapist and George desperate to save his unraveling marriage and redeem himself as a father and husband reluctantly agrees As he delves into his childhood memories he begins to recall things he hasn't thought of in twenty years Events people and strange situations come rushing back The odd rambling letters his father sent home before he died The jovial mother who started dating too soon after his father's death A boy who appeared one night when George was lonely then told him secrets he didn't want to know How no one believed this new friend was real and that he was responsible for the bad things that were happening Terrified by all that he has forgotten George struggles to remember what really happened in the months following his father's death Were his ominous visions and erratic behavior the product of a grief stricken child's overactive imagination Or were his father's colleagues who blamed a darker more malevolent force right to look to the supernatural as a means to end George's suffering Twenty years later George still does not know But when a mysterious murder is revealed remembering the past becomes the only way George can protect himself and his young family A psychological thriller in the tradition of Donna Tartt's *The Secret History* with shades of *The Exorcist* *A Good and Happy Child* leaves you questioning the things you remember and frightened of the things you've forgotten Beautifully written and perfectly structured This novel is much more than *The Omen* for the latte generation and Evans cleverly subverts expectations at every turn Washington Post A satisfying suspenseful first novel Young George's intriguing story unbalances the reader right up to the book's deliciously chilling end People A scary grown up ghost story that combines Southern gothic with more than a twist of *The Exorcist* Combine's mind bending storytelling with excellent prose Portland Tribune Think Rosemary's Baby plus told in the kind of prose that mesmerizes sweeping the reader along so fast that there's no time to ask questions Hartford Courant A dazzling debut part psychological thriller part horror story Chicago Tribune Relates his otherworldly suspense story with the cool calm eye of a skeptic Entertainment Weekly A

Great Books for Babies and Toddlers Kathleen Odean, 2008-12-18 The ideal time to begin sharing books with children is during babyhood even with children as young as six weeks Starting Out Right National Research Council All parents hope to give their children the best possible start in life Many of them know it's a good idea to read to their children at a very young age not with the goal of teaching their kids to read but with the joy of having special time together looking at pictures and playing with words Carefully chosen books that introduce children to the pleasures of language simple story structure and

wonderful artwork are the foundation for a future love of books Great Books for Babies and Toddlers is the first book of its kind a guide to the best age appropriate children s books available Compiled by Kathleen Odean former Chair of the Newbery Award Committee Great Books for Babies and Toddlers provides lively annotations for more than five hundred books divided into two helpful categories Nursery Rhymes Fingerplays and Songs and Picture Story Books for the Very Young With story selections ranging from such classics of children s literature as Goodnight Moon and Where s Spot to excellent new books like How Does a Dinosaur Say Good Night and Buzz Great Books for Babies and Toddlers will be more than a cherished guide for parents it will also be a child s first step in the lifelong adventure of reading
