**Blue Diamond Journey** Esther Supernault, 2010-11-18 Esther Supernault put her life on the line for her beliefs. In *Blue Diamond Journey* she shares her secret gift of insight and guidance from the world of spirit. Born of a Celtic and Native American heritage of seers, she narrates how she received incredibly detailed, sometimes humorous messages from her dreams, visions and meditations, messages that she then validated with solid medical research. Day by day she was guided to specific foods, helpers, therapists, doctors and books to heal her breast cancer without chemo or radiation. Every person is part of an interconnected web as vast as this universe rather than a collection of parts. Our innate inner soul contains incredible healing wisdoms. Real healing honours this web of interaction far beyond scientific logic or fact. What causes an illness will also help heal it. All the answers we need to heal are within us, and Esther demonstrates how to listen to those answers. Her journey slowly uncovers a rare diamond in the rough, the dawning evolution of a seer, visionary and wisdom keeper. With her gifted, gentle healing messages, Esther weaves a marvelous, magical true tale in *Blue Diamond Journey*.

*Light for the Journey* Robert T. Gamba, 2012-10 2ND PETER 1:19 And so we have the prophetic word confirmed, which you do well to take heed as a light that shines in a dark place. There is a Light at the end of the tunnel. However, there is also a Light through the tunnel that can shine in the hearts of our understanding, which will guide us safely through the darkness of ignorance to a place of peace, security and confidence. Although some may promise many things in the name of science and technology, there is only one light ray of hope for eternity. Even as medical research strives to prolong life, it is a short-lived hope. For as the sand in the hourglass pours through the narrow opening, so our earthly lives pour through the opening of time, because our time here is measured. Whether we face this fact or not, these bodies are destined to die. However, our spirits do not but will live in the light of mercy or in the darkness of error for eternity. Our days here are short and our time to leave could be nearer than we think, so we should listen to the words of eternal truth. We can easily listen to all the other voices of those that stumble in the blindness of doubt, or we can follow the true Light of all hope that is willing and able to take us home, even through our darkness nights. Two choices, two roads with two different destinations, but there is only one journey. EPHESIANS 1:18 The eyes of your understanding being enlightened, that you may know what is the hope of His calling.

*Taboo Tabernacle* A.W. Archer, 2016-11-18 At the end of the day, *Taboo Tabernacle* isn't just about taboo topics like sex, drugs, rock n roll, religion, politics, faith, witchcraft and cannabis. It isn't even about science, math, history, medicine, justice or apologetics, although there is much of that in it. It's about connecting people to Christ in a way that can not only surprise them but can electrify them. From the depths of space to the lowest subatomic particle in the human body, the sustainer's fingerprint is everywhere. I want to help people get so excited about God's amazing love that they can't stop talking about it. From the balanced believer to the super secularist, I believe that all people suffer from false

presuppositions about life and the way things are at one point or another Whether its from the way we were raised something traumatic that happened to us growing up or perhaps it is simply the default consensus opinion of the culture we are currently in we all have presuppositions some true and some false I would like all of us to start breaking down the man made walls of false presupposition that separate us today and replace them with bridges of truth and understanding from a biblical worldview that makes sense in both the physical world and spiritual realm Get ready to look at life through a whole new lens
