George J. Brooke

The Hebrew God Portrait Of An Ancient Deity:

The Hebrew God Bernhard Lang,2002-01-01 Originally worshipped by the people of a small and politically insignificant eastern Mediterranean community the Hebrew God rose to become the monotheistic deity of the entire Western tradition Indeed the God of Israel ranks as the most distinguished deity in human history In this text biblical scholar Bernhard Lang draws upon the available evidence including ancient Near Eastern and Egyptian texts and art to provide a portrait of the ancient Hebrew God

The God-Image Lionel Corbett,2021-11-01 This book describes the development of images of God beginning in antiquity and culminating in Jung s notion of the Self an image of God in the psyche that Jung calls the God within Over the course of history the Self has been projected onto many local gods and goddesses and given different names and attributes These deities are typically imagined as existing in a heavenly realm but Jung s approach recalls them to their origins in the objective psyche This book shows how Jung s approach avoids many of the philosophical problems produced by traditional anthropomorphic images of God and describes the myriad symbolic ways in which the Self may appear independently of doctrinal images of God By focusing on the empirical psychological manifestations of the Self Jung s approach avoids arguments for and against the existence of a metaphysical God

Theology and Human Flourishing Mike Higon,Christopher Rowland,Jeremy Law,2011-11-04 This collection of essays is a celebration of the work of Timothy Gorrige Like his theology it is animated by a delighted and critical engagement with the diverse facets of human social life and by a passionate concern to wrestle with the Bible and the Christian tradition in

pursuit of human flourishing The built environment politics education art these essays by leading Christian theologians ask what it means for Christian theology to concern itself with to immerse itself in and to risk critical commentary on each of these and more The collection follows the same rhythm that animates Gorringer's work insistent attention to the Christian tradition in the light of the particular contexts where human flourishing is imagined fought for embodied and betrayed and a critical constructive and celebratory examination of those contexts in the light of the Christian tradition The contributions are very diverse touching on everything from city life to human curiosity poverty to genocide but they are united by a passion to make theological sense of human flourishing

The Cosmic Spirit Roland Faber, 2021-03-04 Are we more than stardust Is the appearance of the fragile Earth in the vast universe more than an accident Are we not children of a Spirit that pervades the dust rejuvenates life and embraces the ever evolving universe Is there a cosmic Spirit that wants us to awaken to a consciousness of universal meaning sacred purpose and mutual friendship with all beings This book answers these questions with a spirituality of the numinous in our relation to the elements of the Earth in the matrix of the multiverse by taking you on a journey through nine paths and nineteen meditations of awakening Not bound by any religion but in deep appreciation of the religious and spiritual heritage of human encounters with the divine depth of existence in our selves and in nature they invite you to become sojourners by engaging the most profound embodiments of the intangible Spirit by which it facilitates its own materialization in the cosmos and our spiritualization of the cosmos Use says this Spirit the stardust that you are to become a spirit faring species in an eternal journey of the cosmos to realize its ultimate motive of existence the attraction of love

One Text, Thousand Methods Patrick Chatelion Counet, Ulrich Berges, 2021-08-30 Essays in this volume describe the shift in biblical exegesis within the last several decades from the interpretation of biblical texts as the outcome of historical development or diachronic methodology to the exploration of the text as the result of a reading process rather than a historical process or synchronic methodology Each essay examines a text from the Old or New Testament through the lens of one of the many modern synchronic methods used in postmodern literary interpretation The methods discussed include ideology criticism semantic and poetic analysis cognitive linguistics drama theory narratology deconstruction and anthropology and intertextuality The authors of this work

challenge biblical scholars not to just perform exegesis but to explore the methods and aims underlying their interpretations
