The Heritage:

The Heritage Theatre Marlite Halbertsma, 2011-05-25 The Heritage Theatre is a book about cultural heritage and globalisation Cultural heritage is the stage on which the global community smaller communities and individuals play out their similarities and differences their identities and singularities Cultural heritage forms an implicit cultural code governing the relationship between parts and the whole individuals and communities communities and outsiders as well as the relationship between communities and the world as a whole Cultural heritage by way of its producers its products and its audience presents an image of the world and its inner coherence The subjects in this book range from places as distant from each other as Dar es Salaam Jakarta Amsterdam Le Creusot Trinidad Brazzaville Bremerhaven New York and Prague and deal with themes such as wayang Kylie Minogue airports and heritage modernist architecture in Africa and the impact of DNA research on the concept of roots The volume is based on papers presented at a conference organised by the Erasmus School of History Culture and Communication of Erasmus University Rotterdam The authors have backgrounds in cultural studies art history anthropology museum studies sociology tourist studies and history The Heritage Howard Bryant, 2018-05-08 Following in the footsteps of Robeson Ali Robinson and others today's Black athletes re engage with social issues and the meaning of American patriotism Named a best book of 2018 by Library Journal It used to be that politics and sports were as separate from one another as church and state The ballfield was an escape from the world's worst problems top athletes were treated like heroes and cheering for the home team was as easy and innocent as hot dogs and beer No news on the sports page was a governing principle in newsrooms That was then Today sports arenas have been transformed into staging grounds for American patriotism and the hero worship of law enforcement Teams wear camouflage jerseys to honor those who serve police officers throw out first pitches soldiers surprise their families with homecomings at halftime Sports and politics are decidedly entwined But as journalist Howard Bryant reveals this has always been more complicated for black athletes who from the start were committing a political act simply by being on the field In fact among all black employees in twentieth century America perhaps no other group had more outsized influence and power than ballplayers The immense social responsibilities that came with the role is part of the black athletic heritage It is a heritage built by the influence of the superstardom and radical politics of Paul Robeson Jackie Robinson Muhammad Ali Tommie Smith and John Carlos through the 1960s undermined by apolitical corporate friendly transcendents of race O J Simpson Michael Jordan and Tiger Woods in the following decades and reclaimed today by the likes of LeBron James Colin Kaepernick and Carmelo Anthony The Heritage is the story of the rise fall and fervent return of the athlete activist Through deep research and interviews with some of sports best known stars including Kaepernick David Ortiz Charles Barkley and Chris Webber as well as members of law enforcement and the military Bryant details the collision of post 9 11 sports in America and the politically engaged post Ferguson black athlete *The Heritage Arena* Cristina Grasseni, 2016-10-01 In Europe a number of production and

communication strategies have long tried to establish local products as resources for local development At the foot of the Alps this scenario appears in all its contradictions especially in relation to cheese production The Heritage Arena focuses on the saga of Strachitunt a cheese that has been designated an EU Protected Designation of Origin after years of negotiation and competition involving cheese makers merchants and Slow Food activists The book explores how the reinvention of cheese as a form of heritage is an ongoing and dynamic process rife with conflict and drama
