Abraham Joshua Heschel--Philosopher of Wonder Maurice Friedman, 2012-11-05 Most studies of Abraham Joshua Heschel approach him as a theologian whereas this book peers behind the theologian and honors Heschel as the original philosopher that he was So it unearths Heschel's epistemology his aesthetic and his social philosophy all reinforced by the thirty years of friendship and dialogue that Maurice Friedman shared with him This book raises significantly critical questions concerning Heschel's philosophy of Judaism while remaining greatly appreciative of the sweep and command of his philosophy that Friedman believes were not sufficiently worked through [Beyond the Therapeutic Relationship](#) Frederic J. Dialogic Civility in a Cynical Age Ronald C. Arnett, Pat Arneson, 1999-09-30 Dialogic Civility in a Cynical Age offers a philosophical and pragmatic response to unreflective cynicism Considering that each of us has faced inappropriate cynical communication in families educational institutions and the workplace this book offers insight and practical guidance for people interested in improving their interpersonal relationships in an age of rampant cynicism

Communication and Community Ronald C. Arnett, 1986 Martin Buber's work suggests that real life begins with two individuals engaged in dialogue not just taking care of one's own needs as described in social Darwinism Arnett argues that the end of the age of abundance demands that we give up the communicative strategies of the past and seek to work together in the midst of limited resources and an uncertain future Today's situation calls for an unwavering commitment to Buber's narrow ridge concern for both self and community Arnett illustrates the narrow ridge definition of interpersonal communication with rich examples His vignettes demonstrate effective and ineffective approaches to human community An effective approach he makes clear incorporates not only openness to others points of view but also a willingness to be persuaded
