The Kurds A Nation Denied:

The Kurds David McDowall, 1989 Kurdish issue to the international arena *The Kurds* David McDowall, Minority Rights Group, 1996 With a population of 26 million the Kurds are the Middle East's largest ethnic community without a state of its own. The persecution and state sponsored violence endured by the Kurds is legion exemplified by the razing of thousands of Kurdish villages in Turkey and the massacres resulting from chemical weaponry in Iraqi Kurdistan. *The Kurds* is a thoroughly revised and updated edition by the renowned writer David McDowall. The author focuses on Kurdish history, society and Kurds changing way of life in the heartlands of Kurdistan in Iran, Iraq and Turkey. A further valuable insight is given into the situation of Kurds in Europe, Lebanon, the former Soviet Union and Syria. The report ends with a series of recommendations which seek to provide a balance between the legitimate sovereign requirements of the governments concerned and the rights of the Kurdish people to free cultural expression and a genuine measure of control over their own affairs.

The Kurds and Kurdistan Lokman I. Meho, 1997-06-25 As the Kurdish question becomes more prominent in Middle Eastern politics it is attracting attention from the media, the academic community and governmental and non governmental organizations. Swamped with questions from the press and academic departments, students of Kurdish topics have needed a comprehensive bibliography on the Kurds. This book meets that need. An introductory essay provides users with general background information on the Kurds and Kurdistan. With over 800 entries, the annotated bibliography provides information on the most important works about the Kurds and Kurdistan published from World War II through 1996. Emphasizing recent titles, the book focuses on English language scholarly works. Arranged in topical chapters, the book opens with a section on general works, then covers travel, works of history and archaeology, politics, minorities and religion in Kurdistan, society, economy, language and education, literature and folklore, and culture and arts.

The Sung Home. Narrative, Morality, and the Kurdish Nation Wendelmoet Hamelink, 2016-04-08 *The Sung Home* tells the story of Kurdish singer-poets *dengbêj*s in Kurdistan in Turkey who are specialized in the recital singing of historical songs. After a long period of silence they returned to public life in the 2000s and are presented as guardians of history and culture. Their lyrics, life stories and live performances offer fascinating insights into cultural practices, local politics and the contingencies of state borders. Decades of oppression have deeply politicized and moralized cultural and musical production. Through in-depth ethnographic analysis, Hamelink highlights the variety of personal and social narratives within a society in turmoil. Set within the larger global stories of modernity, nationalism and Orientalism, this study reflects on different ideas about what it means to create a Kurdish home.

The Kurds and US Foreign Policy Marianna Charountaki, 2010-10-18 This book provides a detailed survey and analysis of US-Kurdish relations and their interaction with domestic, regional and global politics. Using *The Kurdish Issue* to explore the nature of the engagement between international powers and weaker non-state entities, the author analyses the existence of an interactive US relationship with the Kurds of Iraq. Drawing on governmental archives and interviews with political figures

both in Northern Iraq and the United States the author places the case study within a broader International Relations context. The conceptual framework centres on the inter relations between actors both state and non state and structures of material and ideational kinds while the detailed survey and analysis of US Kurdish relations in their interaction with domestic regional and global politics forms the empirical core of the study. Stressing the intertwining of domestic and foreign policy as part of the same set of dynamics the case study explains the emergence of the interactive and institutionalized US relationship with the Kurds of Iraq that has brought about the formation within an Iraqi framework of an undeclared US official Kurdish policy in the post Saddam era. Filling a gap in the literature on US Kurdish relations as well as the broader topic of International Relations this book will be of great interest to those in the areas of International Relations Middle Eastern and Kurdish Politics.

The Kurds in Erdogan's "New" Turkey Nikos Christofis, 2021-12-30 This book focuses on the AKP government since 2002 during which time the state's approach to the Kurdish Question has undergone several changes. Examining what preceded and followed the failed putsch of 2016 it explains and critiques that situates the Kurdish Question in its broader context. It stands out with the main objective to avoid any policy oriented bias through an interdisciplinary and multi thematic approach. The volume discusses the state and policies in the Kurdish region of Turkey as well as counter hegemonic discourses that seek to reform existing institutions. Some chapters focus on the domestic aspects and gender perspectives of the Kurdish Question in Turkey which focus has been taken over by recent developments in Syria and the Middle East in general. Other chapters include a range of new aspects of Turkish society and politics and the international aspects of Ankara's policies and its implications not only inside Turkey but also internationally. Taking both domestic and foreign policy aspects into account the book offers a set of innovative explanations for the state of crisis in Turkey and a solid basis for thinking about the likely path forward. Scholars researchers and post graduates interested in political theory Kurdish and Middle East politics will find this book invaluable.

The Kurds in Erdogan's Turkey William Gourlay, 2020-05-28 This book examines the circumstances of the Kurds in 21st century Turkey under the hegemony of the AKP government. After decades of denial oppression and conflict Kurds now assert a more confident presence in Turkey's politics but does increasing visibility mean a rejection of Turkey? Recording Kurdish voices from Istanbul and Diyarbakir Turkey's most important Kurdish populated cities this book generates new understandings of Kurdish identity and political aspirations. Highlighting elements of Kurdish identity including Newroz the Kurdish language connections to religion landscape and cross border ties it offers a portrait of Kurdish political life in a Turkey increasingly dominated by its president Recep Tayyip Erdogan. Within the context of Turkey's troubled trajectory towards democratisation it documents Kurdish narratives of oppression and resistance and enquires how Kurds reconcile their distinct ethnic identity and citizenship in modern Turkey.

Kurds and Their Struggle for Autonomy Mehran Tamadonfar, Roman Lewis, 2024-04-08 *Kurds and their Struggle for Autonomy* Enduring Identity and Clientelism is a comprehensive study of the roots of Kurdish identity the processes of identity formation among the Kurds and

the Kurds seemingly never ending struggle for self determination By relying on a hybrid theoretical model of identity politics this book offers a thorough treatment of the origins characteristics and evolution of Kurdish culture in general and political culture in particular It also examines the historical explanations and nuances of Kurdish struggles for some form of autonomy assesses economic imperatives that shape the potentials and challenges of Kurdish social and political life and offers a critical review of the contemporary Kurdish institutional and policy dynamics in Iraq and Syria
