Department of Housing and Urban Development. Library and Information Division, 1973 *Dictionary Catalog of the Department Library* United States. Department of the Interior. Library, 1969 **A glossary of words and phrases, usually regarded as peculiar to the United States** John Russell Bartlett, 1859 *The Oxford Handbook of the Modern Slum* Alan Mayne, 2023 The Oxford Handbook of the Modern Slum explores the history of the modern slum connecting nineteenth century iterations through multiple pathways to its contemporary existence With chapters by 28 scholars this handbook brings an array of important and original perspectives and methodologies to bear on slums real and imagined across the globe Drawing upon anthropology archaeology architecture geography history politics sociology and urban planning the book delves into households and communities whose existence has been hidden by stereotypes **Resources in education**, 1985 **Research in Education**, 1971 Housing and the Democratic Ideal A. Scott. Henderson, 2000-08-16 Charles Abrams 1902 1970 stood at the center of the policies problems and politics surrounding urban planning housing reform and the public and private interests involved in the expansion of the American state He uniquely combined in one person the often divergent roles of public and policy intellectual As a public intellectual Abrams s voice reached the American public through the pages of The Nation The New Leader and The New York Times with accessible explanations of civil rights legislation mortgage financing government policies and urban renewal As a policy intellectual he helped to create the New York Housing Authority lobbied President Kennedy to issue an executive order barring discrimination in federally subsidized housing projects and combated the growing threat of a federally initiated business welfare state Housing and the Democratic Ideal is the only comprehensive work on Charles Abrams to date Though structured as a narrative biography this book also uses Abrams s experiences as a lens through which we can better understand the development of American social policy and state expansion during the twentieth century In his left leaning critique of centrist liberalism Abrams took aim at the use of fiscal and monetary policies to achieve social objectives a practice that allowed business interests to maximize private profits at the expense of public benefits His growing concern over racial discrimination prefigured its emergence as a highly contested aspect of the American state A Scott Henderson not only provides clear insight into Abrams s role in American policymaking and his individual achievements as a pioneering civil rights lawyer scholar and urban reformer but also offers an in depth analysis of modern state building and the government private sector relations ushered in by the New Deal
