The Last Jew:

The Last Jew Noah Gordon, 2000-08-22 After his father and brother die during the terrible days of the Spanish Inquisition fifteen year old Yonah Toledano sets out across Spain determined to honor the memory of his family by remaining a Jew Jacket

The Last Jew Noah Gordon, 2014-03-25 In the year 1492 the Inquisition has all of Spain in its grip After centuries of pogrom like riots encouraged by the Church the Jews who have been an important part of Spanish life since the days of the Romans are expelled from the country by royal edict Many who wish to remain are intimidated by Church and Crown and become Catholics but several hundred thousand choose to retain their religion and depart given little time to flee some perish even before they can escape from Spain Yonah Toledano the 15 year old son of a celebrated Spanish silversmith has seen his father and brother die during these terrible days victims whose murders go almost unnoticed in a time of mass upheaval Trapped in Spain by circumstances he is determined to honor the memory of his family by remaining a Jew On a donkey named Moise Yonah begins a meandering journey a young fugitive zigzagging across the vastness of Spain Toiling at manual labor he desperately tries to cling to his memories of a vanished culture As a lonely shepherd on a mountaintop he hurls snatches of almost forgotten Hebrew at the stars as an apprentice armorer he learns to fight like a Christian knight Finally as a man living in a time and land where danger from the Inquisition is everywhere he deals with the questions that mark his past How he discovers the answers how he finds his way to a singular and strong Marrano woman how he achieves a life with the outer persona of a respected Old Christian physician and the inner life of a secret Jew is the fabric of this novel The Last Jew is a glimpse of the past an authentic tale of high adventure and a tender and unforgettable love story In it Noah Gordon utilizes his greatest strengths and the result is remarkable and moving

The Last Jew Yoram Kaniuk, 2007-12-01 A layered sweeping panorama of 20th Century Jewish life and identity Publishers Weekly Yoram Kaniuk has been hailed as one of the most innovative brilliant novelists in the Western World and The Last Jew is his exhilarating masterwork The New York Times Like Gabriel Garc a M rquez s One Hundred Years of Solitude The Last Jew is a sweeping saga that captures the troubled history and culture of an entire people through the prism of one family From the chilling opening scene of a soldier returning home in a fog of battle trauma the novel moves backward through time and across continents until Kaniuk has succeeded in bringing to life the twentieth century s most unsettling legacy the anxieties of modern Europe which begat the Holocaust and in turn the birth of Israel and the swirling cauldron that is the Middle East With the unforgettable character of Ebenezer Schneerson the eponymous last Jew at its center Kaniuk weaves an ingenious tapestry of Jewish identity that is alternately tragic absurd enigmatic and heartbreaking A true work of art free from emotional manipulations The Washington Post

The Jewish Derrida Gideon Ofrat, 2001-06-01 Until now no critical work has touched on the Jewish dimension in Jacques Derrida s philosophical oeuvre Ofrat notes that early Derridean works contained few if any references to Jewish writers concepts or issues At first glance Judaism itself along with all other structures found in traditional Western

metaphysics would appear to have no place in Derrida's thought but Ofrat argues that Derrida cannot be thoroughly understood without elucidating the Jewish current running through his philosophy right down to the scar of his circumcision. A French Algerian Jew, Derrida broke free of the Jewish consciousness and culture of his childhood but taught that leaving something is a precondition for recognizing its significance. Ofrat suggests that Derrida's philosophy grew from these early influences and the fragments of his Jewish identity and he offers a comprehensive reading of Derridean writings and strong grounding in Jewish tradition. By approaching Derrida's philosophical, poetic and artistic themes through a Jewish lens, Ofrat gives a sophisticated, subtle, entirely fresh reading of one of the most influential thinkers of the twentieth century. *B'nai B'rith National Jewish Monthly*, 1926

Edward Said's Translocations Tobias Döring, Mark Stein, 2012. In this contribution to contemporary political philosophy, Jensen aims to develop a model of civil society for deliberative democracy. In the course of developing the model, he also provides a thorough account of the meaning and use of civil society in contemporary scholarship as well as a critical review of rival models including those found in the work of scholars such as John Rawls, Jürgen Habermas, Michael Walzer, Benjamin Barber and Nancy Rosenblum. Jensen's own ideal treats civil society as both the context in which citizens live out their comprehensive views of the good life as well as the context in which citizens learn to be good deliberative democrats. According to his idealization, groups of citizens in civil society are actively engaged in a grand conversation about the nature of the good life. Their commitment to this conversation grounds dispositions of epistemic humility, tolerance, curiosity and moderation. Moreover, their regard for the grand conversation explains their interest in deliberative democracy and their regard for democratic virtues, principles and practices. Jensen is not a naive utopian; however, he argues that this ideal must be realized in stages that it faces a variety of barriers and that it cannot be realized without luck.

The United States Holocaust Memorial Museum Encyclopedia of Camps and Ghettos, 1933 -1945: Volume II Geoffrey P. Megargee, Martin Dean, 2012-05-04. Stands without doubt as the definitive reference guide on this topic in the world today. Holocaust and Genocide Studies. This volume of the extraordinary encyclopedia from the United States Holocaust Memorial Museum offers a comprehensive account of how the Nazis conducted the Holocaust throughout the scattered towns and villages of Poland and the Soviet Union. It covers more than 1,150 sites including both open and closed ghettos. Regional essays outline the patterns of ghettoization in nineteen German administrative regions. Each entry discusses key events in the history of the ghetto, living and working conditions, activities of the Jewish Councils, Jewish responses to persecution, demographic changes and details of the ghetto's liquidation. Personal testimonies help convey the character of each ghetto while source citations provide a guide to additional information. Documentation of hundreds of smaller sites previously unknown or overlooked in the historiography of the Holocaust make this an indispensable reference work on the destroyed Jewish communities of Eastern Europe. A very detailed analysis and history of the events that took place in the towns, villages and cities of German-occupied Eastern Europe. A rich source of information. *Library Journal*.

Focuses specifically on the ghettos of Nazi occupied Eastern Europe stands without doubt as the definitive reference guide on this topic in the world today This is not hyperbole but simply a recognition of the meticulous collaborative research that went into assembling such a massive collection of information Holocaust and Genocide Studies No other work provides the same level of detail and supporting material Choice *Disseminating Jewish Literatures* Susanne Zepp, Ruth Fine, Natasha Gordinsky, Kader Konuk, Claudia Olk, Galili Shahar, 2020-10-12 The multilingualism and polyphony of Jewish literary writing across the globe demands a collaborative comparative and interdisciplinary investigation into questions regarding methods of researching and teaching literatures *Disseminating Jewish Literatures* compiles case studies that represent a broad range of epistemological and textual approaches to the curricula and research programs of literature departments in Europe Israel and the United States In doing so it promotes the integration of Jewish literatures into national philologies and the implementation of comparative transnational approaches to the reading teaching and researching of literatures Instead of a dichotomizing approach *Disseminating Jewish Literatures* endorses an exhaustive comprehensive conceptualization of the Jewish literary corpus across languages Included in this volume are essays on literatures in Arabic English French German Hebrew Hungarian Italian Polish Portuguese Russian Spanish and Turkish as well as essays reflecting the fields of Yiddish philology and Latin American studies The volume is based on the papers presented at the Gentner Symposium funded by the Minerva Foundation held at the Freie Universit t Berlin in June 2018 **Horror Film and Otherness** Adam

Lowenstein, 2022-07-19 What do horror films reveal about social difference in the everyday world Criticism of the genre often relies on a dichotomy between monstrosity and normality in which unearthly creatures and deranged killers are metaphors for society's fear of the others that threaten the normal The monstrous other might represent women Jews or Blacks as well as Indigenous queer poor elderly or disabled people The horror film's depiction of such minorities can be sympathetic to their exclusion or complicit in their oppression but ultimately these images are understood to stand in for the others that the majority dreads and marginalizes Adam Lowenstein offers a new account of horror and why it matters for understanding social otherness He argues that horror films reveal how the category of the other is not fixed Instead the genre captures ongoing metamorphoses across normal self and monstrous other This transformative otherness confronts viewers with the other's experience and challenges us to recognize that we are all vulnerable to becoming or being seen as the other Instead of settling into comforting certainties regarding monstrosity and normality horror exposes the ongoing struggle to acknowledge self and other as fundamentally intertwined *Horror Film and Otherness* features new interpretations of landmark films by directors including Tobe Hooper George A Romero John Carpenter David Cronenberg Stephanie Rothman Jennifer Kent Marina de Van and Jordan Peele Through close analysis of their engagement with different forms of otherness this book provides new perspectives on horror's significance for culture politics and art **Jewish-Christian Difference and Modern Jewish Identity** Shalom Goldman, 2015-06-09 This book is an exploration of what would seem to be a simple

question but is actually the object of a profound quest who is a Jew This is a deeply complex issue both within Judaism and in interactions between Jews and Christians Jewish Christian Difference and Modern Jewish Identity Seven Twentieth Century Converts contends that in the twentieth century the Jewish Christian relationship has changed to the extent that definitions of Jewish identity were reshaped The stories of the seven influential and creative converts that are related in this book indicate that the borders dividing the Jewish and Christian faiths are for many more fluid and permeable than ever before
