The Last Official Polish Joke:

The Last Official Polish Joke Book Larry Wilde, 1982-01-01 *The Absolutely Last Official Polish Joke Book* Larry Wilde, 1983 **The Mirth of Nations** Christie Davies, 2017-07-28 The Mirth of Nations is a social and historical study of jokes told in the principal English speaking countries It is based on use of archives and other primary sources including old and rare joke books Davies makes detailed comparisons between the humor of specific pairs of nations and ethnic and regional groups In this way he achieves an appreciation of the unique characteristics of the humor of each nation or group A tightly argued book The Mirth of Nations uses the comparative method to undermine existing theories of humor which are rooted in notions of hostility conflict and superiority and derive ultimately from Hobbes and Freud Instead Davies argues that humor merely plays with aggression and with rule breaking and that the form this play takes is determined by social structures and intellectual traditions It is not related to actual conflicts between groups In particular Davies convincingly argues that Jewish humor and jokes are neither uniquely nor overwhelmingly self mocking as many writers since Freud have suggested Rather Jewish jokes like Scottish humor and jokes are the product of a strong cultural tradition of analytical thinking and intelligent self awareness The volume shows that the forty year popularity of the Polish joke cycle in America was not a product of any special negative feeling towards Poles Jokes are not serious and are not a form of determined aggression against others or against one's own group The Mirth of Nations is readable as well as revisionist It is written with great clarity and puts forward difficult and complex arguments without jargon in an accessible manner Its rich use of examples of all kinds of humor entertains the reader who will enjoy a great variety of jokes while being enlightened by the author's careful explanations of why particular sets of jokes exist and are immensely popular The book will appeal to general readers as well as those in cultural studies *The Official Polish Joke Book/the Official Italian Joke Book* Larry Wilde, 1988-08-01

Secretly Inside Hans Warren, 2006 In the Dutch countryside the war seems far away For most people at least But not for Ed a Jew in Nazi occupied Holland trying to find some safe sanctuary Compelled to go into hiding in the rural province of Zeeland he is taken in by a seemingly benevolent family of farmers But as Ed comes to realize the Van t Westeindes are not what they seem Camiel the son of the house is still in mourning for his best friend a German soldier who committed suicide the year before And Camiel's fiery unstable sister Mariete begins to nurse a growing unrequited passion for their young guest just as Ed realizes his own attraction to Camiel As time goes by Ed is drawn into the domestic intrigues around him and the farmhouse that had begun as his refuge slowly becomes his prison **Lowering the Bar** Marc Galanter, 2006-08-08 What do you call 600 lawyers at the bottom of the sea Marc Galanter calls it an opportunity to investigate the meanings of a rich and time honored genre of American humor lawyer jokes Lowering the Bar analyzes hundreds of jokes from Mark Twain classics to contemporary anecdotes about Dan Quayle Johnnie Cochran and Kenneth Starr Drawing on representations of law and lawyers in the mass media political discourse and public opinion surveys Galanter finds that the increasing reliance on

law has coexisted uneasily with anxiety about the legalization of society Informative and always entertaining his book explores the tensions between Americans deep seated belief in the law and their ambivalence about lawyers **The Official Polish Joke Book** Larry Wilde,1985-01-01 *The Languages of Humor* Arie Sover,2018-09-20 Why are things funny How has humor changed over the centuries How can humor be a political force Featuring expert authors from across the globe The Languages of Humor discusses three main types of humour verbal visual and physical Despite the differences between them all have a common purpose showing us in different ways the reality that we live in and how we can reflect on that reality To this end the book shows how humor has been used to address such topics as the Holocaust and the Soviet Union and why it has been controversial in cases including Charlie Hebdo The Languages of Humor explores a subject that is of interest in a wide range of intellectual disciplines including sociology psychology communication philosophy history social sciences linguistics computer science literature theatre education and cultural studies This volume features contributions from world leading academics some of who have professional backgrounds in this field This unique research led book which includes over 20 illustrations offers a top down analysis of humor studies **So Ole Says to Lena** James P.
