Culture, Crisis and America's War on Terror Stuart Croft, 2006-09-14 Since the infamous events of 9/11 the fear of terrorism and the determination to strike back against it has become a topic of enormous public debate The war on terror discourse has developed not only through American politics but via other channels including the media the church music novels films and television and therefore permeates many aspects of American life Stuart Croft suggests that the process of this production of knowledge has created a very particular form of common sense which shapes relationships jokes and even forms of tattoos Understanding how a social process of crisis can be mapped out and how that process creates assumptions allows policy making in America's war on terror to be examined from new perspectives Using IR approaches together with insights from cultural studies this book develops a dynamic model of crisis which seeks to understand the war on terror as a cultural phenomenon

Welcome to the Suck Stacey Peebles, 2011-04-15 Our collective memories of World War II and Vietnam have been shaped as much by memoirs novels and films as they have been by history books In *Welcome to the Suck* Stacey Peebles examines the growing body of contemporary war stories in prose poetry and film that speak to the American soldier's experience in the Persian Gulf War and the Iraq War Stories about war always encompass ideas about initiation masculinity cross cultural encounters and trauma Peebles shows us how these timeless themes find new expression

among a generation of soldiers who have grown up in a time when it has been more acceptable than ever before to challenge cultural and societal norms and who now have unprecedented and immediate access to the world away from the battlefield through new media and technology Two Gulf War memoirs by Anthony Swofford *Jarhead* and Joel Turnipseed *Baghdad Express* provide a portrait of soldiers living and fighting on the cusp of the major political and technological changes that would begin in earnest just a few years later The Iraq War a much longer conflict has given rise to more and various representations Peebles covers a blog by Colby Buzzell *My War* memoirs by Nathaniel Fick *One Bullet Away* and Kayla Williams *Love My Rifle More Than You* a collection of stories by John Crawford *The Last True Story I ll Ever Tell* poetry by Brian Turner *Here Bullet* the documentary *Alive Day Memories* and the feature films *In the Valley of Elah* and the winner of the 2010 Oscar for Best Picture *The Hurt Locker* both written by the war correspondent Mark Boal Books and other media emerging from the conflicts in the Gulf have yet to receive the kind of serious attention that Vietnam War texts received during the 1980s and 1990s With its thoughtful and timely analysis *Welcome to the Suck* will provoke much discussion among those who wish to understand today s war literature and films and their place in the tradition of war representation more generally

The Justice of Mercy Linda Ross Meyer, 2010-11-22 *The Justice of Mercy* is exhilarating reading Teeming with intelligence and insight this study immediately establishes itself as the unequalled philosophical and legal exploration of mercy But Linda Meyer s book reaches beyond mercy to offer reconceptualizations of justice and punishment themselves Meyer s ambition is to rethink the failed retributivist paradigm of criminal justice and to replace it with an ideal of merciful punishment grounded in a Heideggerian insight into the gift of being with others The readings of criminal law Heideggerian and Levinasian philosophy and literature are powerful and provocative *The Justice of Mercy* is a radical and rigorous exploration of both punishment and mercy as profoundly human activities Roger Berkowitz Director of the Hannah Arendt Center for Ethical and Political Thinking Bard College This book addresses a question both ancient and urgently timely how to reconcile the law s call to justice with the heart s call to mercy Linda Ross Meyer s answer is both philosophical and pragmatic taking us from the conceptual roots of the supposed conflict between justice and mercy to concrete examples in both fiction and contemporary criminal law Energetic eloquent and moving this book s defense of mercy will resonate with philosophers legal scholars lawyers and policymakers engaged with criminal justice and anyone concerned about our current harshly punitive legal system Carol Steiker Harvard Law School Far from being a utopian soft and ineffectual concept Meyer shows that mercy already operates within the law in ways that we usually do not recognize Meyer s piercing insights and careful analysis bring the reader to think of law justice and mercy itself in a new and far more profound light James Martel San Francisco State University How can granting mercy be just if it gives a criminal less punishment than he deserves and treats his case differently from others like it This ancient question has become central to debates over truth and reconciliation commissions alternative dispute resolution and other new forms of restorative justice

The traditional response has been to marginalize mercy and to cast doubt on its ability to coexist with forms of legal justice. Flipping the relationship between justice and mercy, Linda Ross Meyer argues that our rule-bound and harsh system of punishment is deeply flawed and that mercy should be not the crazy woman in the attic of the law but the lady of the house. This book articulates a theory of punishment with mercy and illustrates the implications of that theory with legal examples drawn from criminal law doctrine, pardons, mercy in military justice, and fictional narratives of punishment and mercy. Linda Ross Meyer is Carmen Tortora Professor of Law at Quinnipiac University School of Law, President of the Association for the Study of Law, Culture, and the Humanities, and Associate Editor of *Journal of Law, Culture, and the Humanities*. Jay Mechling, 2021-08-10 In *Soldier Snapshots* Jay Mechling explores how American men socially construct their performance of masculinity in everyday life in all male friendship groups during their service in the military. The evidence Mechling analyzes is a collection of vernacular photographs: snapshots of and by American soldiers, sailors, Marines, and aviators. Since almost all of the snapshots are photographs taken of men by other men, this book offers a unique view into the social construction, performance, and repair of American masculinity. Mechling guides the reader from the snapshots to ideas about the everyday lives of male soldiers to ideas about the lives of men in groups to ideas about American culture. In his introduction, Mechling offers his thoughts about how to undertake the interdisciplinary study of American culture; he draws from history, folklore, anthropology, sociology, rhetoric, psychology, gender, and sexuality studies, ethnic studies, popular culture studies, and visual studies to reveal the intricacies of how men use their folk practices in an all-male group to manage the paradoxes of their friendship and comradeship under sometimes stressful conditions. *Soldier Snapshots* begins with a brief history of war photography and establishes the nature of vernacular photography: the snapshot. This is followed by a jargon-free discussion of the key ideas about masculinity and the vernacular practices of men in groups: exploring male friendship, the important role of play in men's relationships, and the ways animal buddies adopted by male friendship groups actually tell us even more about male friendship and issues of trust. In the final section, Mechling's careful analysis reveals how the men employ different folk practices, including rough and tumble playfighting, building human pyramids, bathing naked in public, cross-dressing, hazing, and gallows humor, in order to manage their relationships. Regardless of the man's sexual orientation and sexual identity, the strong heterosexual norm in the military means that the men must find ways to understand and even enact or perform their feelings of bonding while still defining those feelings and acting as heterosexual.
