Why buy our paperbacks Expedited shipping High Quality Paper Made in USA Standard Font size of 10 for all books 30 Days Money Back Guarantee BEWARE of Low quality sellers Don't buy cheap paperbacks just to save a few dollars Most of them use low quality papers complaints about barbers and office bores and satirical comments on bureaucrats courts of law the profession of journalism the claims of science and the workings of government In Mark Twain's hands all these potentially dry and dull topics bristle with vitality and interest What fascinates Twain Lee Smith writes in her introduction is how people react to the things that happen to them Twain lets them speak in their own voices by and large in a chorus ranging from high flown oratory to the plain speech of working people It seems generally true that the more elevated the speech the likelier that person is to be an idiot words of wisdom and common sense are invariably voiced by the common man or woman The most profound and moving sketch in this whole collection Smith writes is one told by a freed slave The candid ironic playful and petulant sketches in this volume are indispensable to our understanding of a harried genius during thirteen quite amazing years
