Kovi's Promise Sujata Sharma, 2021-11-30 In the year 2055 Dr Pratham received an award for discovering a new coronavirus As he goes down memory lane he remembers the summer of 2020 Back then he was a naughty six year old boy called Bholu affectionately by his family An illness called Covid 19 was spreading all over the world Everyone had been forced to stay inside their homes during the lockdown All of a sudden Bholu s happy and carefree life was turned upside down Instead of normal physical school he had to learn to adjust to attending online classes He also had to learn to play all by himself as he could not meet his friends Staying away from his school and his friends Bholu became miserable and lonely Then one night in his garden he met Kovi a baby coronavirus From that moment an unexpected friendship began Playing together and talking about the pandemic and science they found an enchanted purpose Finally Kovi made Bholu promise something and that transformed Bholu s life forever [A Kansas Year](#) Mike Blair, 2009 A veteran naturalist uses his keen observations and vivid photography to bring us face to face with the magic of 120 wild places of Kansas arranged by the calendar so that we too experience the breathtaking cycle of a Kansas year outdoors

[Sky Full of Promise](#) Teresa Southwick, 2005 [Portals of Promise](#) Debbie Pushor, the Parent Engagement Collaborative the Parent Engagement Collaborative, 2013-10-30 Working with parents is a significant aspect of educators roles yet it is rare to find curriculum in teacher education programs designed to prepare individuals to consider in philosophical theoretical and pedagogical ways who they will be in relationship with parents and why Schools therefore remain hierarchical structures in which parents are marginalized in relation to decisions affecting teaching and learning This book begins with Pushor s conceptualization of a curriculum of parents a curriculum which explores beliefs and assumptions about parents a vision for education in which educators work alongside parents and family members in the learning and care of children and a desire for reform She describes a curriculum of parents in the form of three graduate teacher education courses which she lived out in relationship with students Graduate students then capture their experiences immersed in this curriculum what they each took up how it shaped their knowledge attitudes and practices and how they lived it out as they returned to their classrooms schools and early learning centres This book is a storied account of their intense immersion in a curriculum of parents and the resulting

impact living that curriculum has had on who they are in relation to parents and families It is an honest and vulnerable account of their shared and individual journeys They puzzle over the complexities and the successes of their work and the resulting impact This is not a book of best practice but an invitation to other educators to consider as they did what they do and how it could be different *Wicked Promise* Kat Martin, 2014-05-06 From the New York Times and USA Today

The True Promise Kept Azhar ul Haque Sario, 2025-06-26 Was it a calculated masterstroke or a reckless gamble that pushed the Middle East to the brink This book unpacks the explosive 12 day war between Iran and Israel in June 2025 It starts with the final failed diplomatic efforts and the intelligence debates that set the stage for conflict You'll read about Israel's massive opening attack Operation Rising Lion which aimed to wipe out Iran's top military leaders and nuclear scientists in a single blow The book details the audacious assassination campaign and the covert Mossad operations that paved the way for Israeli jets Then it shifts to Iran's stunning retaliation Operation True Promise III Discover how Iran unleashed hundreds of advanced missiles including new hypersonic weapons overwhelming Israel's famed Iron Dome The analysis covers the intense battle in the skies the sophisticated drone warfare and the parallel conflict waged in cyberspace by hackers and state actors It examines the immense economic cost for both nations a key factor driving the push for peace The story climaxes with the dramatic American intervention Operation Midnight Hammer and the high stakes diplomatic maneuvers that led to a fragile chaotic ceasefire What makes this book different is its balanced multi-faceted perspective moving beyond simplistic narratives of good versus evil While other accounts might focus solely on military hardware this analysis delves into the strategic thinking the political calculations and the human cost on both sides It presents the official victory narratives from both Tehran and Tel Aviv but then critically examines the deeper realities the pyrrhic nature of Israel's success and the resilient deterrence demonstrated by Iran By weaving together military strategy economic pressures cyber warfare and international diplomacy this book provides a uniquely comprehensive understanding of why the war happened how it was fought and how it has fundamentally reshaped the balance of power in the Middle East It offers a clear-eyed look at the new more volatile reality of direct state on state conflict that now defines the region
