Slavery In The Spanish Philippines:

Slavery in the Spanish Philippines William Henry Scott, 1991 **Conquest and Pestilence in the Early Spanish Philippines** Linda A. Newson, 2009-04-16 Scholars have long assumed that Spanish colonial rule had only a limited demographic impact on the Philippines. Filipinos they believed had acquired immunity to Old World diseases prior to Spanish arrival. Conquest was thought to have been more benign than what took place in the Americas because of more enlightened colonial policies introduced by Philip II. *Conquest and Pestilence in the Early Spanish Philippines* illuminates the demographic history of the Spanish Philippines in the sixteenth and seventeenth centuries and in the process challenges these assumptions. In this provocative new work Linda Newson convincingly demonstrates that the Filipino population suffered a significant decline in the early colonial period. Newson argues that the sparse population of the islands meant that Old World diseases could not become endemic in pre-Spanish times. She also shows that the initial conquest of the Philippines was far bloodier than has often been supposed and that subsequent Spanish demands for tribute, labor, and land brought socioeconomic transformations and depopulation that were prolonged beyond the early conquest years. Comparisons are made with the impact of Spanish colonial rule in the Americas. Newson adopts a regional approach and examines critically each major area in Luzon and the Visayas in turn. Building on a wide range of primary and secondary sources, she proposes a new estimate for the population of the Visayas and Luzon of 1.57 million in 1565, slightly higher than that suggested by previous studies, and calculates that by the mid-seventeenth century this figure may have fallen by about two-thirds. Based on extensive archival research conducted in secular and missionary archives in the Philippines, Spain, and elsewhere, *Conquest and Pestilence in the Early Spanish Philippines* is an exemplary contribution to our understanding of the formative influences on demographic change in premodern Southeast Asian society and the history of the early Spanish Philippines.

The Embarrassment of Slavery Michael Salman, 2003-12 This book examines the salience of slavery and abolition in the history of American colonialism and Philippine nationalism. The author explains the link between the globalization of nationalism and the spread of antislavery as a hegemonic ideology in the modern world. **Slavery and Bonded Labor in Asia, 1250-1900**, 2021-10-11 *Slavery and Bonded Labor in Asia, 1250-1900* is the first collection of studies to focus on slavery and related forms of labor throughout Asia. The 15 chapters by an international group of scholars assess the current state of Asian slavery studies, discuss new research on slave systems in Asia, identify avenues for future research, and explore new approaches to reconstructing the history of slavery and bonded labor in Asia and by extension elsewhere in the globe. Individual chapters examine slavery, slave trading, abolition, and bonded labor in places as diverse as Ceylon, China, India, Korea, the Mongol Empire, the Philippines, the Sulu Archipelago, and Timor, in local, regional, pan-regional, and comparative contexts. James Francis Warren Don J Wyatt Harriet T Zurndorfer Asian Slaves in Colonial Mexico Tatiana Seijas, 2014-06-23 This book is a history of Asian slaves in colonial Mexico and their journey from bondage to freedom Everyday Life in the Philippines, 1657-1699 Norah L. A. Gharala, Marya Svetlana T. Camacho, Juan O. Mesquida, 2025-03-22 This book examines the legacy of one of the most influential members of Spanish society in the seventeenth century Philippines Dominican scholar Juan de Paz Using a unique manuscript from the collections of the Archivo de la Universidad de Santo Tom s in Manila the authors provide a window into the concerns problems and entanglements of people of different ethnicities occupations and stations in life Paz s writings resolving conflicts and weighing in on questions consultas have not previously been translated into English The transcriptions translations and editorial introductions collected in this volume therefore make it an invaluable resource for students and scholars interested in the cultural and social history of the Philippines and the Spanish empire **Counter-Hispanization in the Colonial Philippines** John Blanco, 2025-10-01 In Counter Hispanization in the Colonial Philippines the author analyzes the literature and politics of spiritual conquest in order to demonstrate how it reflected the contribution of religious ministers to a protracted period of social anomie throughout the mission provinces between the 16th 18th centuries By tracking the prose of spiritual conquest with the history of the mission in official documents religious correspondence and public controversies the author shows how contrary to the general consensus in Philippine historiography the literature and pastoral politics of spiritual conquest reinforced the frontier character of the religious provinces outside Manila in the Americas as well as the Philippines by supplanting the absence of law in the name of supplementing or completing it This frontier character accounts for the modern reinvention of native custom as well as the birth of literature and theater in the Tagalog vernacular *The United States and the End of Slavery in the Philippines, 1898-1914* Michael Salman, 1993 **Intentional Invisibilization in Modern Asian History: Concealing and Self-Concealed Agents** Mònica Ginés-Blasi, 2025-03-03 Scholars from the humanities and social sciences have repeatedly faced the challenge of writing history beyond the constraints and frameworks set by grand narratives and established historiographies This book addresses the intentional invisibilization and concealment of people knowledge and ideas in historiography both by historians and by the historical actors themselves as an object of study It does so through the lens of Asian bondage and dependency in modern and contemporary history This collective work focuses on concealment self concealment and invisibility to analyze the asymmetrical agency involved in the act of hiding someone or something from being inscribed in the record and the social marginalization involved in this process With studies ranging from imperial colonial and postcolonial history language and translation studies as well as digital archival sciences the authors in this book examine ways in which concealment serves as a strategic tool for exercising power and shaping the flow of information Consequently this volume urges a fresh awareness of narrative construction encouraging humanities researchers to think creatively and to historicize independently of dominant narratives *The History of the Philippines* Kathleen

European Slave Trading in the Indian Ocean, 1500-1850 Richard B. Allen,2015-01-01 Between 1500 and 1850 European traders shipped hundreds of thousands of African Indian Malagasy and Southeast Asian slaves to ports throughout the Indian Ocean world The activities of the British Dutch French and Portuguese traders who operated in the Indian Ocean demonstrate that European slave trading was not confined largely to the Atlantic but must now be viewed as a truly global phenomenon European slave trading and abolitionism in the Indian Ocean also led to the development of an increasingly integrated movement of slave convict and indentured labor during the late eighteenth and early nineteenth centuries the consequences of which resonated well into the twentieth century Richard B Allen s magisterial work dramatically expands our understanding of the movement of free and forced labor around the world Drawing upon extensive archival research and a thorough command of published scholarship Allen challenges the modern tendency to view the Indian and Atlantic oceans as self contained units of historical analysis and the attendant failure to understand the ways in which the Indian Ocean and Atlantic worlds have interacted with one another In so doing he offers tantalizing new insights into the origins and dynamics of global labor migration in the modern world

Early Encounters between East Asia and Europe Ralf Hertel,Michael Keevak,2017-07-14 While inquiries into early encounters between East Asia and the West have traditionally focused on successful interactions this collection inquires into the many forms of failure experienced on all sides in the period before 1850 Countering a tendency in scholarship to overlook unsuccessful encounters it starts from the assumption that failures can prove highly illuminating and provide valuable insights into both the specific shapes and limitations of East Asian and Western imaginations of the Other as well as of the nature of East West interaction Interdisciplinary in outlook this collection brings together the perspectives of sinology Japanese and Korean studies historical studies literary studies art history religious studies and performance studies The subjects discussed are manifold and range from missionary accounts travel reports letters and trade documents to fictional texts as well as material objects such as tea chinaware or nautical instruments exchanged between East and West In order to avoid a Eurocentric perspective the collection balances approaches from the fields of English literature Spanish studies Neo Latin studies and art history with

those of sinology Japanese studies and Korean studies It includes an introduction mapping out the field of failures in early modern encounters between East Asia and Europe as well as a theoretically minded essay on the lessons of failure and the ethics of cross cultural understanding

Abolition and Its Aftermath in the Indian Ocean Africa and Asia Gwyn Campbell, 2013-01-11 This important collection of essays examines the history and impact of the abolition of the slave trade and slavery in the Indian Ocean World a region stretching from Southern and Eastern Africa to the Middle East India Southeast Asia and the Far East Slavery studies have traditionally concentrated on the Atlantic slave trade and slavery in the Americas In comparison the Indian Ocean World slave trade has been little explored although it started some 3 500 years before the Atlantic slave trade and persists to the present day This volume which follows a collection of essays The Structure of Slavery in Indian Ocean Africa and Asia Frank Cass 2004 examines the various abolitionist impulses indigenous and European in the Indian Ocean World during the nineteenth and twentieth centuries It assesses their efficacy within a context of a growing demand for labour resulting from an expanding international economy and European colonisation The essays show that in applying definitions of slavery derived from the American model European agents in the region failed to detect or deliberately ignored other forms of slavery and as a result the abolitionist impulse was only partly successful with the slave trade still continuing today in many parts of the Indian Ocean World

Slavery and Bondage in Asia, 1550-1850 Kate Ekama, Lisa Hellman, Matthias van Rossum, 2022-12-05 The study of slavery and coerced labour is increasingly conducted from a global perspective and yet a dual Eurocentric bias remains slavery primarily brings to mind the images of Atlantic chattel slavery and most studies continue to be based either outright or implicitly on a model of northern European wage labour This book constitutes an attempt to re centre that story to Asia With studies spanning the western Indian Ocean and the steppes of Central Asia to the islands of South East Asia and Japan and ranging from the sixteenth to the nineteenth century this book tracks coercion in diverse forms tracing both similarities and differences as well as connections between systems of coercion from early sales regulations to post abolition labour contracts Deep empirical case studies as well as comparisons between the chapters all show that while coercion was entrenched in a number of societies it was so in different and shifting ways This book thus not only shows the history of slavery and coercion in Asia as a connected story but also lays the groundwork for global studies of a phenomenon as varying manifold and contested as coercion

Mexico, Slavery, Freedom Pablo Miguel Sierra Silva, 2024-03-20 Through its rich and fascinating collection of documents Mexico Slavery Freedom offers a much needed window into Mexico's long history of slavery that will leave readers wanting to learn and discover more Sierra Silva brilliantly guides his readers through the maze of Mexican archival resources Through his careful content curation readers will discover how corruption and discrimination led to persistent enslavement of indigenous Mesoamerican and transpacific peoples despite royal orders to abolish the practice The rich detailed packed introductions to the book in general and to each chapter are nonetheless succinct and to the point Sierra Silva's editorial approach proves

that information and interpretative points are better served in small portions The documents themselves are the main course Sierra Silva also recognizes the importance of giving readers both English and Spanish versions of each document in the book These bilingual transcriptions make Mexico Slavery Freedom an equally valuable resource for course instruction in predominantly English speaking environments bilingual classrooms and Spanish centered courses Mariana Dantas Ohio University This is the first volume to provide in dual language format selections from primary texts related to the experiences of enslaved Africans Asians and their descendants in colonial Mexico

Critical Readings on Global Slavery Damian Alan Pargas, Felicia Roşu, 2017-12-05 The study of slavery has grown strongly in recent years as scholars working in several disciplines have cultivated broader perspectives on enslavement in a wide variety of contexts and settings Critical Readings on Global Slavery offers students and researchers a rich collection of previously published works by some of the most preeminent scholars in the field With contributions covering various regions and time periods this anthology encourages readers to view slave systems across time and space as both ubiquitous and interconnected and introduces those who are interested in the study of human bondage to some of the most important and widely cited works in slavery studies

Incomplete Conquests Stephanie Joy Mawson, 2023-07-15 In Incomplete Conquests Stephanie Joy Mawson uncovers the limitations of Spanish empire in the Philippines unearthing histories of resistance flight evasion conflict and warfare from across the breadth of the Philippine archipelago during the seventeenth century The Spanish colonization of the Philippines that began in 1565 has long been seen as heralding a new era of globalization drawing together a multiethnic world of merchants soldiers sailors and missionaries Colonists sent reports back to Madrid boasting of the extraordinary number of souls converted to Christianity and the number of people paying tribute to the Spanish Crown Such claims constructed an imagined imperial sovereignty and were not accompanied by effective consolidation of colonial control in many of the regions where conversion and tribute collection were imposed Incomplete Conquests foregrounds the experiences of indigenous Chinese and Moro communities and their responses to colonial agents weaving together stories that take into account the rich cultural and environmental diversity of this island world

The Palgrave Handbook of Bondage and Human Rights in Africa and Asia Gwyn Campbell, Alessandro Stanziani, 2020-01-14 In the West human bondage remains synonymous with the Atlantic slave trade But large slave systems in Africa and Asia predated co existed and overlapped with the Atlantic system and have persisted in modified forms well into the twenty first century posing major threats to political and economic stability within those regions and worldwide This handbook examines the deep historical roots of unfree labour in Africa and Asia along with its contemporary manifestations It takes an innovative longue dur e perspective in order to link the local and global the past and present Contributors trace shifting forms of forced labour in the region since circa 1800 connecting punctual shocks such as environmental crisis conflict market instability and crop failure to human security threats such as impoverishment violence migration kidnapping

and enslavement Together these chapters illuminate the historical and contemporary dimensions of bondage in Africa and Asia with important implications for the fight against modern day bondage and human trafficking **The Philippines** Dean Conant Worcester,1914
