In Psycholinguistics tongue slips are one kind of speech errors which are regarded mostly as errors of articulation.

Serendre Shutter in 2004 stated that:

It is a complicated mental processing which is happening entirely below the level of consciousness, so we're not aware of doing anything except when we hear ourselves saying something funny, and its all happening at such lightning speed that we're not aware of any time these steps are taking.

Of the various English translations of Freud's major works to appear in his lifetime only one was authorized by Freud himself. The Standard Edition of the Complete Psychological Works of Sigmund Freud under the general editorship of James Strachey. Freud approved the overall editorial plan, specific renderings of key words and phrases and the addition of valuable notes from bibliographical and explanatory. Many of the translations were done by Strachey himself, the rest were prepared under his supervision. The result was to place the Standard Edition in a position of unquestioned supremacy over all other existing versions. Newly designed in a uniform format, each new paperback in the Standard Edition opens with a biographical essay on Freud's life and work along with a note on the individual volume by Peter Gay, Sterling Professor of History at Yale.

Richard Bernstein, Haverford College, USA. **Freudian Slip** Sebastiano Timpanaro, 2025-01-31. Philology cross-examines Freud in this sustained critique of psychoanalysis and its foundational notion of the slip. Challenging virtually every account of linguistic error in Freud's work as arbitrary and constrained, Sebastiano Timpanaro advances an alternative picture keyed to the dynamics of banalization, disimprovement and contextual play borrowed from the field of literary criticism. Underscored with a Marxist defense of science against the professed materialism of the psychoanalytic individual drama, Timpanaro's analysis demands a strong reassessment of the Freudian legacy and a renewed debate over its value for the Left.
