Hydrographic Office, 1917 **The Stone Roses** Simon Spence, 2013-04-02 The Stone Roses captures the magic and chaos behind the UK band's rise fall and recent resurrection The iconic Brit pop band The Stone Roses became an overnight sensation when their 1989 eponymous album went double platinum It was a recording that is still often listed as one of the best albums ever made Its chiming guitar riffs anthemic melodies and Smiths like pop sensibility elevated The Stone Roses to a cult like status in the UK and put them on the map in the U S But theirs is a story of unfulfilled success their star imploded as their sophomore effort took years to complete and the band broke up acrimoniously in 1996 Sixteen years later they reunited and have been playing sold out gigs thrilling fans around the globe and working on new material In 2013 they nabbed the coveted headline spot at the Coachella Festival With one hundred interviews of key figures forty rare photographs and exclusive insider material including how they created their music The Stone Roses charts the band's rise from the backwaters of Manchester to becoming the stars of the Madchester scene to their successful comeback years later Going beyond the myths to depict a band that defined Brit pop Simon Spence illustrates their incandescent talent and jaw dropping success while contextualizing them in the 90s music scene This is the definitive story of The Stone Roses *The Bay of Bengal Pilot* Great Britain.
