Stephen Leach, James Tartaglia

Spinoza From The Great Philosophers:

Spinoza Roger Scruton, 1997 Ostracized by the Jewish community in Amsterdam into which he was born Spinoza developed a political philosophy that set out to justify the secular State ruled by a liberal constitution and a metaphysics according to which everything exists in God as a mode of the divine substance that sought to reconcile human freedom with a belief in scientific explanation In this book Roger Scruton presents a clear and systematic analysis of Spinoza's thought and shows its relevance to today's intellectual preoccupations *25 Great Philosophers From Plato to Sartre* David Mills Daniel, 2013-09-19 SCM Briefly 25 Great Philosophers offers a brief guide to the lives writings and principal philosophical ideas of some of the world's great philosophers from Plato to Jean Paul Sartre Here is a brief and accessible introduction to philosophy and its main proponents In only five pages readers get an introduction to the life the context and the writing of each philosopher A glossary of philosophical terms is provided at the end of the book *The Essential Baruch Spinoza* Baruch Spinoza, 2022-04-26 Three philosophical works by the seventeenth century Enlightenment thinker and author of *Ethics How to Improve Your Mind* In this earlier work Dutch philosopher Baruch Spinoza articulates his view that life is best lived with the supreme happiness of knowing God's infinite love By extension all earthly pursuits including money fame and sex are mere distractions from the greater joy of the soul's quietude Translated by the philosopher and founder of the Philosophical Library Dagobert D Runes Runes also provides exclusive commentary and biographical notes *The Road to Inner Freedom* Spinoza views the ability to experience rational love of God as the key to mastering the contradictory and violent human emotions *The Book of God* The Book of God one of Spinoza's earliest works came to light only a hundred years ago in two slightly varying Dutch manuscripts Its youthful author lived in turbulent times when the Western world was torn by civil and religious strife and bullies bigots and pseudo prophets vied for the ear of a fearful people While Europe was in an uproar over the right church Spinoza was seeking the right God This book is the first known report of his findings Translated by Dr A Wolf from the Dutch the author's *Tractatus de Deo et homine* version and edited and with an introduction by Dagobert D Runes **The Great Philosophers: Spinoza** Roger Scruton, 2011-09-14 Born to be misunderstood Spinoza was a man whose theology was banned for Godlessness The very virtuosity of his reasoning left logicians unsettled while even to professional thinkers in our own time Spinoza has seemed too clever by half And yet as Roger Scruton shows in this strikingly readable introduction to the man and his thought Spinoza's concerns were both simple and sublime Few philosophers indeed have shown such a straightforward sustained and honest interest in uncovering the most fundamental aspects of existence Too important to be dismissed as a mere genius Spinoza is rediscovered here in all his quiet and consoling simplicity *Six Thousand Years of History: Great philosophers* Edgar Sanderson, John Porter Lamberton, Charles Morris, 1909 *Great philosophers* Edgar Sanderson, John Porter Lamberton, 1900 *Great Philosophers* Jeremy Stangroom, James Garvey, 2012-12-15 Some of the most important principles of modern society were founded hundreds even thousands of years

ago Readers explore the lives of some of the greatest philosophers and thinkers of all time from Socrates to Sartre Topics covered include how they lived what their principles were and what kind of an impact they have on modern society **The World's History and Its Makers: Great philosophers** ,1902 **Consciousness and the Great Philosophers** Stephen Leach,James Tartaglia,2016-10-04 Consciousness and the Great Philosophers addresses the question of how the great philosophers of the past might have reacted to the contemporary problem of consciousness Each of the thirty two chapters within this edited collection focuses on a major philosophical figure from the history of philosophy from Anscombe to Xuanzang and imaginatively engages with the problem from their perspective Written by leading experts in the field this exciting and engaging book explores the relevance of the history of philosophy to contemporary debates and therefore is essential reading for students and scholars studying the history of philosophy contemporary philosophy of mind and consciousness or both **The Great Philosophers** Bryan Magee,2000 The author interviews modern philosophers and writers such as Martha Nussbaum and Peter Singer on the major figures in the history of Western philosophy from Plato and Aristotle to Russell and Wittgenstein
