Vine Deloria

Spirit And Reason The Vine Deloria Jr Reader:

Spirit & Reason Vine Deloria, 1999 Annotation This collection of Deloria's writings from books, essays, and articles as well as previously unpublished pieces celebrates Deloria's influential career Spirit and Reason Vine Deloria, 1999-01

Spirit and Reason Vine Deloria, 1999-01-01 Viewed by many as one of the most influential Native Americans of the twentieth century, Vine Deloria Jr. through his extensive writings on political and legal issues has changed the way people view American Indians. Although best known for his contributions to American Indian issues, Deloria has also been one of the foremost critics of contemporary thought, placing him among the most significant philosophers of this century. In this collection of writings culled from his extensive career, including several works never before published, Deloria explores a wide array of topics, challenging theories of religion and science, examining the problems of modern education, and expounding on our understanding of the world. An essential anthology for people familiar with Deloria's work as well as those discovering him for the first time, these writings will challenge, provoke, and enlighten. Native Activism in Cold War America Daniel M. Cobb, 2008-10-24 The heyday of American Indian activism is generally seen as bracketed by the occupation of Alcatraz in 1969 and the Longest Walk in 1978, yet Native Americans had long struggled against federal policies that threatened to undermine tribal sovereignty and self-determination. This is the first book-length study of American Indian political activism during its seminal years, focusing on the movement's largely neglected early efforts before Alcatraz or Wounded Knee captured national attention. Ranging from the end of World War II to the late 1960s, Daniel Cobb uncovers the groundwork laid by earlier activists. He draws on dozens of interviews with key players to relate untold stories of both seemingly well-known events such as the American Indian Chicago Conference and little-known ones such as Native participation in the Poor People's Campaign of 1968. Along the way, he introduces readers to a host of previously neglected but critically important activists: Mel Thom, Tillie Walker, Forrest Gerard, Dr. Jim Wilson, Martha Grass, and many others. Cobb takes readers inside the early movement, from D. Arcy McNickle's founding of American Indian Development Inc. and Vine Deloria Jr.'s tenure as executive director of the National Congress of American Indians to Clyde Warrior's leadership in the National Indian Youth Council, and describes how early activists forged connections between their struggle and anticolonialist movements in the developing world. He also describes how the War on Poverty's Community Action Programs transformed Indian Country by training bureaucrats and tribal leaders alike in new political skills and providing activists with the leverage they needed to advance the movement toward self-determination. This book shows how Native people who never embraced militancy and others who did made vital contributions as activists well before the American Indian Movement burst onto the scene. By highlighting the role of early intellectuals and activists like Sol Tax, Nancy Lurie, Robert K. Thomas, Helen Peterson, and Robert V. Dumont, Cobb situates AIM's efforts within a much broader context and reveals how Native people translated the politics of Cold War civil rights into the language of tribal sovereignty. Filled with fascinating portraits, Cobb's groundbreaking study

expands our understanding of American Indian political activism and contributes significantly to scholarship on the War on Poverty the 1960s and postwar politics and social movements **Disability and Religious Diversity** D. Schumm, M. Stoltzfus, 2011-10-24 This collection of essays examines how diverse religions of the world represent understand theologize theorize and respond to disability and chronic illness Contributors employ a variety of methodological approaches including ethnography historical cultural or textual analysis personal narrative and theological philosophical investigation *The Wiley Handbook of Ethnography of Education* Dennis Beach, Carl Bagley, Sofia Marques da Silva, 2018-03-02 A state of the art reference on educational ethnography edited by leading journal editors This book brings an international group of writers together to offer an authoritative state of the art review of and critical reflection on educational ethnography as it is being theorized and practiced today from rural and remote settings to virtual and visual posts It provides a definitive reference point and academic resource for those wishing to learn more about ethnographic research in education and the ways in which it might inform their research as well as their practice Engaging in equal measure with the history of ethnography its current state of play as well as its prospects The Wiley Handbook of Ethnography of Education covers a range of traditional and contemporary subjects foundational aims and principles what constitutes good ethnographic practice the role of theory global and multi sited ethnographic methods in education research ethnography s many forms visual virtual auto and online networked ethnography and internet resources and virtual and place based ethnographic fieldwork Makes a return to fundamental principles of ethnographic inquiry and describes and analyzes the many modalities of ethnography existing today Edited by highly regarded authorities of the subject with contributions from well known experts in ethnography Reviews both classic ideas in the ethnography of education such as grounded theory triangulation and thick description along with new developments and challenges An ideal source for scholars in libraries as well as researchers out in the field The Wiley Handbook of Ethnography of Education is a definitive reference that is indispensable for anyone involved in educational ethnography and questions of methodology **Being Quantum** David M.
