Spirit Of American Philosophy

John Edwin Smith

Spirit Of American Philosophy:

The Spirit of American Philosophy John Edwin Smith, 1983-06-30 This revised edition of John E Smith's classic details the phenomenal growth in American philosophy in the years since the book first appeared Through the addition of a new chapter and the readdressing of earlier material Smith advances his reflections on the present decade The book also considers the impact of British linguistic philosophy and other currents of thought abroad on classical American philosophy

The Spirit of American Philosophy John Edwin Smith, 1963 **The Spirit of American Philosophy** Gerald Eugene Myers, 1971 An anthology which traces the evolution of American philosophy from the seventeenth century to the present Cover **The Spirit of American Philosophy** Gerald Eugene Myers, 1970 Each of the book's six sections explores a particular relationship in a historical chronological framework The first section explores the relationship of the individual to a religious context as expressed in the Mayflower Compact and selections from the writings of Cotton Winthrop Wise Edwards Channing Royce and Whitehead It then turns to the governmental context of individuality as seen in the writings of Adams Hamilton Madison Lincoln Thoreau Holmes and Dewey The moral context and its ramifications are epitomized in selections from Franklin Adams Sumner George Veblen and James The importance of rationality and education is emphasized in the writings from Paine Jefferson Mann Peirce James and Dewey The metaphysical perspective of individualism is portrayed in writings by Emerson James Royce Whitehead Santayana and Dewey The sixth and last chapter attempts to define our age and its technological complexity as seen in the contemporary writings of Cohen Lewis Quine Randall Hartshorne and Nagel

The American Philosopher Phillip McReynolds, 2015-08-20 Over the course of nearly a decade Phillip McReynolds conducted a series of interviews with prominent American philosophers including among others Richard Rorty Hilary Putnam Joseph Margolis Richard Bernstein Bruce Wilshire John Lachs Richard Shusterman and Crispin Sartwell *The American Philosopher Dialogues on the Meaning of Life and Truth* brings these interviews together bridging a wide variety of topics both personal and professional and ultimately addressing what it means to be an American philosopher With interviews that are both philosophical and biographical in nature this book will be of interest to those who specialize in pragmatism and the history of American philosophy academics in fields such as comparative literature history political science sociology and American studies and to anyone with an interest in America as an idea **The Spirit of American Philosophy. C** John

Edwin Smith, 1963 **American Studies** Jack Salzman, American Studies Association, 1986-08-29 This is an annotated bibliography of 20th century books through 1983 and is a reworking of *American Studies An Annotated Bibliography of Works on the Civilization of the United States* published in 1982 Seeking to provide foreign nationals with a comprehensive and authoritative list of sources of information concerning America it focuses on books that have an important cultural framework and does not include those which are primarily theoretical or methodological It is organized in 11 sections anthropology and folklore art and architecture history literature music political science popular culture psychology religion

science technology medicine and sociology Each section contains a preface introducing the reader to basic bibliographic resources in that discipline and paragraph length non evaluative annotations Includes author title and subject indexes ISBN 0 521 32555 2 set 150 00 *Dictionary Of Modern American Philosophers* John R. Shook, 2005-05-15 The Dictionary of Modern American Philosophers includes both academic and non academic philosophers and a large number of female and minority thinkers whose work has been neglected It includes those intellectuals involved in the development of psychology pedagogy sociology anthropology education theology political science and several other fields before these disciplines came to be considered distinct from philosophy in the late nineteenth century Each entry contains a short biography of the writer an exposition and analysis of his or her doctrines and ideas a bibliography of writings and suggestions for further reading While all the major post Civil War philosophers are present the most valuable feature of this dictionary is its coverage of a huge range of less well known writers including hundreds of presently obscure thinkers In many cases the Dictionary of Modern American Philosophers offers the first scholarly treatment of the life and work of certain writers This book will be an indispensable reference work for scholars working on almost any aspect of modern American thought **On the Form of the American Mind** Eric Voegelin, 1995 In 1924 not quite two years after receiving his doctorate from the University of Vienna Eric Voegelin was named a Laura Spelman Rockefeller Memorial Fellow and thus given the opportunity to pursue postdoctoral studies in the United States For the next twenty four months Voegelin worked with some of the most creative scholars in America and at several of the country's great universities an experience that undoubtedly influenced his scholarly and personal perspectives throughout his life A more immediate result was the publication in 1928 of *On the Form of the American Mind* the young philosopher's first major work in which his acute perceptions and analyses combine with a conceptual vocabulary struggling to find its own coherence and form Voegelin begins his inquiry into the form of the American mind with a complex discussion of the concepts of time and existence in European and American philosophy and continues with an extended interpretation of George Santayana a study of the Puritan mystic Jonathan Edwards a presentation on Anglo American jurisprudence and a consideration of the historian economist and political scientist John R Commons Voegelin was particularly interested in Commons' views on the mental political social and economic aspects of democracy in modern urban and industrial America Although admitting that this diversity of themes seems only loosely connected Voegelin demonstrates the actual overall unity of these various subjects each concerns linguistic expressions of a theoretical nature Analysis of *On the Form of the American Mind* indicates that Voegelin integrated the approaches of *Lebensphilosophie* into what Georg Misch called the philosophical combination of anthropology and history which characterized contemporary trends within the discourse of the *Geisteswissenschaften* and finally resulted in a theoretical paradigm of philosophical anthropology Jürgen Gebhardt and Barry Cooper provide access to this brilliant study with their two part introduction The first part considers *On the Form of the American Mind* in the context of methodological debates

ongoing in Germany at the time Voegelin was writing the book the second describes Voegelin's American experience and compares his work with similar studies written during the post World War I period *On the "Logic" of Togetherness*
Wu, 2021-10-25 Building bridges between Asian and Western philosophies Kuang ming Wu provides a novel approach to the self other issue casting it in terms of togetherness *On the Logic of Togetherness* is a natural sequel to *On Chinese Body Thinking* Brill 1997 It is an essay on a cultural hermeneutics of togetherness and of the homo ecological community of differences cultural and otherwise Togetherness is the concrete primal that by which we explain and analyze concrete things and situations an intrinsic interactive principle of integrity growth reflection and behavior In five sections this book describes cultural personal argumentative religious and philosophical situations of togetherness thus providing an imaginative examination of its varieties

Unveiling the Magic of Words: A Review of "**Spirit Of American Philosophy**"
