Play, Tongues, and Liberation Power Shelby T. Boese, 2021-05-13 The recent Pixar animated movie *Soul* illustrates what happens when we are caught up into something The movie uses the common language of being in the Zone Another word for this is being in the state of play Spiritual gifts like speaking in tongues are about normalizing a regular way to enter the zone or play of the Holy Spirit in a way that then empowers us for the rest of non play life Pentecostalism has exploded around the world in part because people have direct encounters in play that empower them to act in new ways This short work explores the nature of play and what happens in the Zone *American Education*, 1921 **Proceedings of the Annual Meeting - National Education Association of the United States** National Education Association of the United States, 1905 *The University of Colorado Studies* Colorado. elements of his early philosophy 1936 1943 not least his conception of the ego emotion the imaginary and value Daniel O Shiel follows the thread of magic throughout Sartre s early philosophical work Firstly Sartre s work on the ego 1936 shows a personal reflective form of consciousness that is magically hypostasized onto the pre reflective level Secondly emotion 1938 is inherently magical for Sartre because emotive qualities come to inhere in objects and thereby transform a world of pragmatism into one of captivation Thirdly analyses of *The Imaginary* 1940 reveal that anything we imagine is a spontaneous creation of consciousness that has the power to enchant and immerse us even to the point of images holding sway over us Culminating with Sartre s ontological system of Being and Nothingness 1943 O Shiel argues that Sartre does not do away with the concept but in fact provides ontological roots for it This is most evident in Sartre s analyses of value possession and language A second part shows how such Sartrean magic is highly relevant for a number of concrete case studies the arts advertising racism and stupidity and certain instances of psychopathology O Shiel shows that Sartre s magical being is important for any contemporary philosophical anthropology because it is essentially at work at the heart of many of our most significant experiences both creative and damaging
