The Spirit Said Go Mark Wilson, 2017-09-06 God s got a plan for your life is an aphorism frequently heard by Christians But how do you discover that plan The Spirit Said Go is designed to help believers find God s will Using Paul s journeys in Acts as examples Wilson discusses twenty lessons on guidance drawn from these journeys Using his firsthand experience traveling along these routes in the Eastern Mediterranean he reads between the lines offering additional insights into Luke s account He also provides important geographical and archaeological information to illustrate Paul s world among the Jews Greeks and Romans Wilson then illustrates each lesson with autobiographical vignettes drawn from his own spiritual pilgrimage of over forty years as a follower of Jesus Friends and colleagues also share stories of similar experiences of guidance Each chapter ends with reflection questions that help the reader integrate the lesson into Christian living The volume offers an inductive Bible study combined with practical spiritual insights regarding how God guides his people then and now

A Dynamic Reading of the Holy Spirit in Revelation Hee Youl Lee, 2014-04-07 A Dynamic Reading of the Holy Spirit in Revelation attempts to read the book of Revelation in a new way as a narrative embracing literary elements such as plot point of view narrative voice character and story structure to help readers discover its meanings by tracing the story anew Lee s unique narrative perspective offers readers a bird s eye view to experience four levels of the story heaven earth abyss and the lake of fire Lee develops a theological account of John s pneumatology and surely extends Christian pneumatology a doctrine inseparable from the life of the church Readers will come away with a greater understanding of the role of the Holy Spirit which will enable them to enjoy a deeper fellowship with the Holy Spirit more intimately than ever before Lee portrays the book of Revelation as a mission oriented book that tells how the kingdom of God will be built in this world through spiritual warfare rather than as a book of eschatology Lee s book will serve as a spiritual wake up call to the modern church and the people of God in its accurate portrayal of the Holy Spirit and vivid description of spiritual warfare

A Treasury of Prayers Dinah Proctor,2013-12-30 From the day we were born God has anchored us numerous blessings Blessings that can t be bought by money Humans are the most powerful among all other creatures The most intellectual most capable and most favoured but despite of these attributes human chooses to ignore and abuse it We tend to forget where these all come from beyond boarder lines and explore the world as if we own it Despite it all God didn t stop reminding us how much he continually give comfort to our daily lives He forgive those who are wicked and provide those who are in need His teachings to make us whole again This is what I am trying to emphasize in this book I want all of us to revisit the church To make us realize especially those who are on the wrong path of life

Holy Spirit and Religious Experience in Christian Literature ca. AD 90-200 John Eifion Morgan-Wynne,2006-06-01 Holy Spirit and Religious Experience seeks to find out how far the centrality of the Holy Spirit in Christian experience during the earliest period of the church was maintained or diminished in the third to the fifth generations ca AD 90 200 Three themes are explored First the sense of encounter with the divine presence the numinous a sense of being caught up into the divine being or being overwhelmed by the One who is beyond us Secondly a sense of being illuminated in respect to the truth given deeper understanding of God s purpose whether for the individual or the congregation or guided in decision making Thirdly a sense of ethical empowerment an awareness of being helped by divine power assisted in a course of action or development of character in grappling with temptation or in the ultimate test of loyalty martyrdom This book is arranged geographically from Syria and Asia Minor in the East to Rome and Gaul in the West including North Africa and Egypt Christian authors within these areas are examined chronologically from the later New Testament writers through the second century to Clement of Alexandria and Tertullian of Carthage for the evidence they supply The variegated picture which emerges it is contended reflects second century Christianity

Hades Gehenna Sheol Satan His Nature Purpose and Spiritual Warfare The Lord's Supper and the Last Supper The Principle of Worship The Second Coming of Jesus Christ The Principle of Authority Over Futility Creators of a New Age Principles of the Kingdom of God is the title of this Book This Book explores spiritual principles as opposed to the principles of this present age In everyday life we are well familiar with the principles that operate here on the earth We know that when a door is shut we must open it in order to pass through We know that touching a hot stove will cause pain and a burn Science is aware of the rules and boundaries of the laws of physics and chemists know the results of mixing elements together to cause a certain result Although there are many of the scientific laws of nature currently unknown to mankind he continues to strive to find answers and to reconcile the scientific world of which we are aware using our five senses What science does not understand or is unwilling to admit there is a realm beyond the certainties of this physical realm that is incapable of scientific proof That realm is called The Spiritual Realm Most deny its existence or if they mentally assent to the possibility that such a realm exists they know little about it and certainly don't apply it to their everyday lives or scientific pursuits Some look on such things as foolishness as the Apostle Paul said But a natural unspiritual man does not accept the things of the Spirit of God for they are foolishness to him and he cannot understand them because they are spiritually appraised 1 Corinthians 2:14 However as this book will attempt to point out the spirit realm is very much a real place actually more real than our physical world The spirit world has its own set of rules and principles that govern it However its ways are past finding out by the natural mind of man and thus invisible to those without spiritual sight The Apostle Paul said in the Bible because the human mind is hostile toward God for it does not subject itself to the law of God for it is not even able to do so Romans 8:7 Thus our intellect is useless in knowing anything beyond what we can see or touch Just taking the most basic of the spiritual laws the 10 commandments for instance who can argue that we all would be a little better off if everyone was able to follow these basic rules There would be no crime therefore no expensive jails to confine criminals The family unit which has been broken down in this generation would stay intact as children would respect their parents there would be no adultery to break up the family and coveting would all together cease There would be no serious disparity between the rich and the poor and the poor would be taken care of without great expenditure of funds to do so There would be no greed war competition etc just to name a few Jesus said that if we were to pray at all we should pray to God Steiner and Kindred Spirits Robert McDermott, 2015-08-01 Rudolf Steiner 1861-1925 the Austrian founder of Anthroposophy is frequently viewed by those familiar with his teaching as unique and separate from other spiritual teachers of our modern era While Steiner is thought by anthroposophists to be a scientist and a philosopher as well as an interpreter of events depicted in Christian scriptures he is nevertheless generally ignored by scientists and philosophers as well as by both liberal and fundamentalist scriptural scholars and theologians In this book Robert McDermott the editor of American Philosophy and Rudolf Steiner which investigates Steiner's philosophy in the context of American philosophers places Steiner and his work in the context of a

variety of spiritual teachers and teachings both Western and Eastern In doing so the reader is guided to new perspectives that show the similarities and contrasts between Steiner's Spiritual Science and a number of Christian Hindu Buddhist and secular spiritual worldviews The kindred spirits in this book include His Holiness the Dalai Lama C G Jung Teilhard de Chardin Martin Buber Sri Aurobindo Rabindranath Tagore Gandhians feminists ecologists and more Steiner went as far up the spiritual ladder as any modern individual but unlike some enthusiasts for Steiner McDermott is also impressed by other religious thinkers and spiritual practitioners who have been helpful to those of us in need of encouragement and guidance and whose vistas and insights may not have been researched or explained by Steiner For those with unbiased open minds this book presents a fresh look at Rudolf Steiner a modern spiritual initiate and his contributions to the world along with a generous and appreciative view of his kindred spirits of our time
