Hunger Movements in Early Victorian Literature Lesa Scholl, 2016-05-05 In *Hunger Movements in Early Victorian Literature* Lesa Scholl explores the ways in which the language of starvation interacts with narratives of emotional and intellectual want to create a dynamic evolving notion of hunger Scholl's interdisciplinary study emphasises literary analysis sensory history and political economy to interrogate the progression of hunger in Britain from the early 1830s to the late 1860s Examining works by Charles Dickens Harriet Martineau George Eliot Elizabeth Gaskell Henry Mayhew and Charlotte Bronte Scholl argues for the centrality of hunger in social development and understanding She shows how the rhetoric of hunger moves beyond critiques of physical starvation to a paradigm in which the dominant narrative of civilisation is predicated on the continual progress and evolution of literal and metaphorical taste Her study makes a persuasive case for how hunger as a signifier of both individual and corporate ambition is a necessarily self interested and increasingly violent agent of progress within the discourse of political economy that emerged in the eighteenth century and subsequently shaped nineteenth century social and political life

Hunger, Poetry and the Oxford Movement Lesa Scholl, 2020-01-23 Focusing on the influence of the Oxford Movement on key British poets of the nineteenth century this book charts their ruminations on the nature of hunger poverty and economic injustice Exploring the works of Christina Rossetti Coventry Patmore Gerard Manley Hopkins Adelaide Anne Procter Alice Meynell and Alfred Lord Tennyson Lesa Scholl examines the extent to which these poets not all of whom were Anglo Catholics themselves engaged with the Tractarian social vision when grappling with issues of poverty and economic injustice in and beyond their poetic works By engaging with economic and cultural history as well as the sensorial materiality of poetry Hunger Poetry and the Oxford Movement challenges the assumption that High Church politics were essentially conservative and removed from the social crises of the Victorian period

Ethics, Hunger and Globalization Per Pinstrup-Andersen, Peter Sandøe, 2007-07-20 Ethics Hunger and Globalization adds an ethics dimension to the debate and research about poverty hunger and globalization Outstanding scholars and practitioners from several disciplines discuss what action is needed for ethics to play a bigger role in action by governments civil society and the private sector to reduce poverty and hunger within the context of globalization The book concludes that much of the rhetoric by policy makers is not followed up with appropriate action and discusses the role of ethics in attempts to match action with rhetoric The book also concludes that a better understanding of the values underlying both public and private sector action towards the alleviation of poverty and hunger would lead to more enlightened policies and greater success in attempts to achieve the Millennium Development Goals The interaction between ethical economic and policy aspects is discussed and scholars and experienced practitioners from several disciplines suggest how such integration may be promoted
