Spiritual Considerations In The Preventi

Patrick Vollmar

Spiritual Considerations In The Preventi:

Spiritual Considerations in the Prevention, Treatment and Cure of Disease Jane H. Thompson,1984

Encyclopedia of Substance Abuse Prevention, Treatment, and Recovery Gary L. Fisher,Nancy A. Roget,2009 This collection provides authoritative coverage of neurobiology of addiction models of addiction sociocultural perspectives on drug use family and community factors prevention theories and techniques professional issues the criminal justice system and substance abuse assessment and diagnosis and more

The Educator's Guide to Substance Abuse Prevention Sanford Weinstein,1999 The Educator s Guide to Substance Abuse Prevention is for educators and other school personnel who are concerned about student drug use and school violence It will help them to appreciate and use their humanity professional skills educational ideals and the school curriculum as tools for substance abuse prevention Teachers concerns are addressed in several ways First the text provides a guide through which they may resolve personal and professional concerns about the commitments limits and boundaries of their working relationships with students Second it describes tasks that teachers can perform and mental health issues they can address in creating classroom policies procedures and rules to promote healthful learning activity in the classroom Third the author summarizes and interprets research and theory about substance abuse as they apply specifically to educational prevention and to professional teaching practice arguing that classroom management strategies learning activities and social interaction are a teacher s primary tools of prevention and showing how teachers may use these tools in any curricular area and without direct reference to drugs A highlight of this text is its emphasis on helping teachers to explore drug related issues from within the context of their own curricular specialties and to integrate substance abuse prevention with the curriculum in many school subjects including the arts literature social studies history government science and culture Action oriented prevention strategies based on these content areas are suggested The Educator s Guide to Substance Abuse Prevention focuses primarily on teaching learning and prevention rather than on information about drugs helps teachers to better use what they already do know and are in order to respond competently responsibly and with sensitivity to the needs of their students attends to the needs of teachers who do prevention work and the needs of children who are the target of prevention efforts describes student disappointment and disillusionment with family school and community as sources of risk and the legitimate domain in which teachers may serve a curative role provides extensive coverage of historical social and cultural issues related to substance abuse and school violence and alerts teachers to the risk to children posed by extremist adult groups prominent negative role models popular culture and peer pressure
