Spiritual Light:

Spiritual Light Randy Delp,2010-12-21 Randy Delp presents his spiritual light theory from the teachings of Jesus and from first century church literature that has been lost until recent archeological findings in the Middle East The theory suggests that all physical substances that presently exist came from God and was created through His spiritual light This spiritual light can be fully examined in the spiritual realm but without spiritual senses we do not have the capability to see hear taste touch or smell the essence of that light God is called the Father of Lights His kingdom is a kingdom of light His sons are children of light This book explores the creation and how it came into being It also pronounces how Gods kingdom of light can be manifested and demonstrated in the physical realm through our obedience to divine authority and our proper responses to lifes situations Finally Randy Delp explains how the culmination of time and the Messianic return will reinstitute a manifested spiritual light where once again we will experience the spiritual realm as Adam and Eve did at creation

Raising the Spiritual Light Quotient David K. Miller,2011-04-25 The concept of raising the spiritual light quotient is similar to the intelligence quotient used in modern psychology the IQ test However the spiritual light quotient is not the same as intelligence Rather the SLQ reflects one s ability to understand spiritual concepts to meditate and to connect with other dimensions It also is a measurement of one s ability to understand the relationship between Earth and the environment of the Earth and Earth s relationship to the galaxy Finally it is a measurement of one s ability to understand the existence of other dimensions as well as the relationship between the ascended masters and guides and our journey to higher realms for soul evolution Thus it appears necessary to look at the SLQ of a person the SLQ of an area and the SLQ of a planet All of the channeling I bring forth is based on the concept of the Sacred Triangle which is a new paradigm for spirituality This paradigm states that in order to heal Earth and bring everything into balance one must unite the concepts of galactic spirituality with ancient mystical thought and with the energies of native peoples including Native Americans **Light on**

Swedenborg,1853 **Jean D'Espagnet's The Summary of Physics Restored (Enchyridion Physicae Restitutae)**

Thomas Willard, 2018-10-24 First published together in Latin in 1623 these two tracts *Enchyridion Physicae Restitutae* and *Arcanum* were at once recognized to be among the clearest descriptions ever written of the hermetic cosmology and the alchemical work. They were translated into English by two leading occultists John Everard and Elias Ashmole and the translations are printed together here for the first time. The introduction provides the fullest biographical notice ever written about d'Espagnet, a retired public official who published the works under strict anonymity. It also traces the influence these works had on later generations of practical alchemists like Eirenaeus Philalethes and spiritual alchemists like Thomas Vaughan. The commentary traces d'Espagnet's extensive references to classical philosophy and poetry as well as to earlier works in alchemy. The introduction discusses the life, publications, and critical reception of d'Espagnet and suggests why the book became required reading for members of an English hermetic society. Following the text itself is a set of annotations indicating variants in the Latin original and a French translation that Everard may have seen. Notes obvious mistakes in the text, suggests alternate readings, expands d'Espagnet's marginal notes into meaningful citations, and identifies further sources when possible. This edition will be of interest to scholars of alchemy, early modern science, French literature, and English literature. An index of names follows the annotations. *Light*, 1928 *Initiation, Eternity, and the Passing Moment*. Rudolf Steiner, 1981. 2 volumes. September 8, 1919–September 3, 1924. CW 300a, b. The Waldorf school movement has its roots in the chaotic period following World War I. Struggling to create the first school, Rudolf Steiner worked on every detail: lesson plans, religious education, school hours, course resources, administration, finance, and child study. Guiding the faculty, Steiner moved toward his goal of creating a vehicle for social transformation. These two volumes span 1919 to 1924 and cover meeting by meeting the development of the first Waldorf school. Participating in a work in progress, Steiner deals with an amazing array of problems, frustrations, successes, and failures. His sleeves rolled up and his sight on a vision that he made a reality, Steiner lays the foundations of Waldorf education. This detailed look behind the scenes will interest not only teachers but also parents, students, and anyone who wants to know how a successful worldwide school movement arose. German source: *Konferenzen mit den Lehren der Freien Waldorfschule*, 1919–1924. GA 300a, c. **The Impact of the Book of Enoch on Christianity and Other Religions**. Dr. Randy Delp, 2017-03-31. Considered an expert about the Book of Enoch, Dr. Randy Delp has put together an analysis of this ancient book to explain why Jesus and the New Testament writers were not only influenced by the Book of Enoch, they quoted its contents, cited its texts, and labeled it Scripture. The teachings of Enoch have influenced every major monotheistic religion, including Islam, Judaism, Christianity, and Zoroastrianism, and vestiges can be found in Hinduism and other ancient religions. The footprints of his teachings are seen throughout every generation, and the finality of his message has yet to be fulfilled. Enoch's influence in astronomy, history, religion, education, and para psychology has forged how society thinks today. It is significant to note that the prophet named Enoch, who was born seven generations after Adam and Eve, may be the only person in history who has had a positive effect on every major and

minor religion while nothing negative is ever spoken about him
