

Spiritualism in Antebellum America

~ BRET E. CARROLL ~

Spiritualism In Antebellum America

Nancy Rubin Stuart

Spiritualism In Antebellum America:

Spiritualism in Antebellum America Bret E. Carroll, 1997-10-22 Spiritualism in Antebellum America analyzes the attempt by spiritually restless Americans of the 1840s and 1850s to negotiate a satisfying combination of freedom and authority as they sought a sense of harmony with the universe

Unfree Spirits Bret Evan Carroll, 1991 The Esoteric Origins of the American Renaissance Arthur Versluis, 2001-03-08 The term Western esotericism refers to a wide range of spiritual currents including alchemy Hermeticism Kabbala Rosicrucianism and Christian theosophy as well as several practical forms of esotericism like cartomancy geomancy necromancy alchemy astrology herbalism and magic The early presence of esotericism in North America has not been much studied and even less so the indebtedness to esotericism of some major American literary figures In this book Arthur Versluis breaks new ground showing that many writers of the so called American Renaissance drew extensively on and were inspired by Western esoteric currents

The Reluctant Spiritualist Nancy Rubin Stuart, 2005 Chronicles the life of Maggie Fox a young woman who in 1848 claimed she and her sisters had received messages from the spiritual world beginning the spiritualist movement that swept the country

A Republic of Mind and Spirit Catherine L. Albanese, 2007-01-01 In the nineteenth and early twentieth centuries Mexicans and Americans joined together to transform the U S Mexico borderlands into a crossroads of modern economic development This book reveals the forgotten story of their ambitious dreams and their ultimate failure to control this fugitive terrain Focusing on a mining region that spilled across the Arizona Sonora border this book shows how entrepreneurs corporations and statesmen tried to domesticate nature and society within a transnational context Efforts to tame a wild frontier were stymied by labour struggles social conflict and revolution Fugitive Landscapes explores the making and unmaking of the U S Mexico border telling how ordinary people resisted the domination of empires nations and corporations to shape transnational history on their own terms By moving beyond traditional national narratives it offers new lessons for our own border crossing age

The Sympathetic Medium Jill Galvan, 2011-03-15 The nineteenth century saw not only the emergence of the telegraph the telephone and the typewriter but also a fascination with s ances and occult practices like automatic writing as a means for contacting the dead Like the new technologies modern spiritualism promised to link people separated by space or circumstance and like them as well it depended on the presence of a human medium to convey these conversations Whether electrical or otherworldly these communications were remarkably often conducted in offices at telegraph stations and telephone switchboards and in s ance parlors by women In *The Sympathetic Medium* Jill Galvan offers a richly nuanced and culturally grounded analysis of the rise of the female medium in Great Britain and the United States during the Victorian era and through the turn of the century Examining a wide variety of fictional explorations of feminine channeling in both the technological and supernatural realms by such authors as Henry James George Eliot Arthur Conan Doyle Bram Stoker Marie Corelli and George Du Maurier Galvan argues that women were often chosen for that role or assumed it themselves because

they made at a distance dialogues seem more intimate less mediated Two allegedly feminine traits sympathy and a susceptibility to automatism enabled women to disappear into their roles as message carriers Anchoring her literary analysis in discussions of social economic and scientific culture Galvan finds that nineteenth and early twentieth century feminization of mediated communication reveals the challenges that the new networked culture presented to prevailing ideas of gender dialogue privacy and the relationship between body and self

American Countercultures: An Encyclopedia of Nonconformists, Alternative Lifestyles, and Radical Ideas in U.S. History Gina Misiroglu, 2015-03-26 Counterculture while commonly used to describe youth oriented movements during the 1960s refers to any attempt to challenge or change conventional values and practices or the dominant lifestyles of the day This fascinating three volume set explores these movements in America from colonial times to the present in colorful detail American Countercultures is the first reference work to examine the impact of countercultural movements on American social history It highlights the writings recordings and visual works produced by these movements to educate inspire and incite action in all eras of the nation's history A Z entries provide a wealth of information on personalities places events concepts beliefs groups and practices The set includes numerous illustrations a topic finder primary source documents a bibliography and a filmography and an index

Representations of Death in Nineteenth-Century US Writing and Culture Lucy Frank, 2018-01-18 From the famous deathbed scene of Harriet Beecher Stowe's Little Eva to Mark Twain's parodically morbid poetess Emmeline Grangerford a preoccupation with human finitude informs the texture of nineteenth century US writing This collection traces the vicissitudes of this cultural preoccupation with the subject of death and examines how mortality served paradoxically as a site on which identity and subjectivity were productively rethought Contributors from North America and the United Kingdom representing the fields of literature theatre history and American studies analyze the sexual social and epistemological boundaries implicit in nineteenth century America's obsession with death while also seeking to give a voice to the strategies by which these boundaries were interrogated and displaced Topics include race and gender based investigations into the textual representation of death imaginative constructions and re constructions of social practice with regard to loss and memorialisation and literary reconceptualisations of death forced by personal and national trauma

Apocalypse and the Millennium in the American Civil War Era Ben Wright, Zachary W. Dresser, 2013-11-04 In the Civil War era Americans nearly unanimously accepted that humans battled in a cosmic contest between good and evil and that God was directing history toward its end The concept of God's Providence and of millennialism Christian anticipations of the end of the world dominated religious thought in the nineteenth century During the tumultuous years immediately prior to during and after the war these ideas took on a greater importance as Americans struggled with the unprecedented destruction and promise of the period Scholars of religion literary critics and especially historians have acknowledged the presence of apocalyptic thought in the era but until now few studies have taken the topic as their central focus or examined it

from the antebellum period through Reconstruction By doing so the essays in *Apocalypse and the Millennium in the American Civil War Era* highlight the diverse ways in which beliefs about the end times influenced nineteenth century American lives including reform culture the search for meaning amid the trials of war and the social transformation wrought by emancipation Millennial zeal infused the labor of reformers and explained their successes and failures as progress toward an imminent Kingdom of God Men and women in the North and South looked to Providence to explain the causes and consequences of both victory and defeat and Americans black and white experienced the shock waves of emancipation as either a long prophesied jubilee or a vengeful punishment Religion fostered division as well as union the essays suggest but while the nation tore itself apart and tentatively stitched itself back together Americans continued looking to divine intervention to make meaning of the national apocalypse Contributors Edward J Blum Ryan Cordell Zachary W Dresser Jennifer Graber Matthew Harper Charles F Irons Joseph Moore Robert K Nelson Scott Nesbit Jason Phillips Nina Reid Maroney Ben Wright

Up from the Depths Aaron Sachs, 2022-06-07 A double portrait of two of America's most influential writers that reveals the surprising connections between them and their uncanny relevance to our age of crisis *Up from the Depths* tells the interconnected stories of two of the most important writers in American history the novelist and poet Herman Melville 1819 1891 and one of his earliest biographers the literary critic and historian Lewis Mumford 1895 1990 Deftly cutting back and forth between the writers Aaron Sachs reveals the surprising resonances between their lives work and troubled times and their uncanny relevance in our own age of crisis The author of *Moby Dick* was largely forgotten for several decades after his death but Mumford helped spearhead Melville's revival in the aftermath of World War I and the 1918 1919 flu pandemic when American culture needed a forebear with a suitably dark vision As Mumford's career took off and he wrote books responding to the machine age urban decay world war and environmental degradation it was looking back to Melville's confrontation with crises such as industrialization slavery and the Civil War that helped Mumford to see his own era clearly Mumford remained obsessed with Melville ultimately helping to canonize him as America's greatest tragedian But largely forgotten today is one of Mumford's key insights that Melville's darkness was balanced by an inspiring determination to endure Amid today's foreboding over global warming racism technology pandemics and other crises Melville and Mumford remind us that we've been in this struggle for a long time To rediscover these writers today is to rediscover how history can offer hope in dark times

Decoding **Spiritualism In Antebellum America**: Revealing the Captivating Potential of Verbal Expression

In an era characterized by interconnectedness and an insatiable thirst for knowledge, the captivating potential of verbal expression has emerged as a formidable force.
