Speck, Sherry Lee Hoppe, 2007 *Searching for Spirituality in Higher Education* brings together eclectic points of view on spirituality drawing upon various theoretical perspectives to frame a discussion of spirituality in higher education Following a comprehensive review of the current literature on spirituality chapters examine the relationship between religion and spirituality and explore related legal issues Subsequent theory chapters make no unified claims about the basis of spirituality reflecting the speculative nature of an ethereal subject The final section contains rich examples that explore ways to integrate spirituality in several academic disciplines as well as in student affairs In its entirety the book encompasses a comprehensive review of the salient issues related to spirituality in higher education The volume will be useful in courses on religion nursing business and the humanities

My Year of Living Spiritually Anne Bokma, 2019-10-26 In 2017 Anne Bokma embarked on a quest to become a more spiritual person After leaving the fundamentalist religion of her youth she became one of the eighty million North Americans who consider themselves spiritual but not religious the fastest growing faith category In mid life she found herself addicted to busyness drinking too much hooked on social media dreading the empty nest and still struggling with alienation from her ultra religious family In response she set out on a year long whirlwind adventure to immerse herself in a variety of sacred practices each of which proved to be illuminating in unexpected ways to try to develop her own definition of what it means to be spiritual In *My Year of Living Spiritually* Bokma documents a diverse range of soulful first person experiences from taking a dip in Thoreau's Walden Pond to trying magic mushrooms for the first time booking herself into a remote treehouse as an experiment in solitude singing in a deathbed choir and enrolling in a week long witch camp in an entertaining and enlightening way that will compel readers non believers and believers alike to try a few spiritual practices of their own Along the way she reconsiders key relationships in her life and begins to experience the greater depth of meaning connection gratitude simplicity and inner peace that we all long for Readers will find it an inspiring roadmap for their own spiritual journeys

Pentecostal Preaching and Ministry in Multicultural and Post-Christian Canada Steven M. Studebaker, 2019-11-07 Over the past forty years Canada has become an increasingly secular multicultural and religiously plural society Indeed the church in Canada and Pentecostals in particular face a challenging context for responding to the call to bear witness to Christ in the power of the Holy Spirit Like the disciples on the day of Pentecost however we need the Holy Spirit to come upon us and liberate us from our post Christian pessimism We need the Holy Spirit to enable us to proclaim the gospel to the nations people that are no longer at the ends of the earth but making their home in Canada This book engages this new context and considers and proposes ways that pentecostal Christians and churches can respond to the challenges of the increasingly post Christian multicultural secular and religiously plural context of Canadian society

Bringing Religion and Spirituality into Therapy provides a comprehensive and timely model for spirituality integrated therapy which is truly pluralist and responsive to the ever evolving World of religion and spirituality. This book presents an algorithmic process based model for organizing the abundance of theoretical and practical literature around how psychology, religion, and spirituality interact in counseling. Building on a tripartite framework, the book discusses the practical implications of the model and shows how it can be used in the context of assessment and case formulation, research, clinical competence, and education, and the broad framework ties together many strands of scholarship into religion and spirituality in counseling across a number of disciplines. Chapters address the concerns of groups such as the unaffiliated non-theists and those with multiple spiritual influences. The Christian Path in a Pluralistic World and the Study of Spirituality Diana Villegas, 2012-01-01. Based on exploration of boundaries between spirituality and religion, this book argues that theological study of spirituality is important for interpretation of the Christian path in a pluralistic world. As a text for graduate study in spirituality and ministry, it explores relevant sociological studies, post-modern culture, contemporary study of Christian spirituality, and a brief history of the relationship between theology and spirituality. The book argues that the revelation and tradition of Christianity understood and interpreted in the light of contemporary culture make a difference to postmodern persons' quests for spirituality. What one believes and how one understands that belief influences the manner in which the Christian path is lived in a pluralistic global world. The book discusses the role of religion in culture and the relevance of this for the identity of religious spirituality and the study of Christian spirituality.
