Ouray's Peak Leigh Podgorski, 2012-03-17 The journey of fourteen year old Kristin Tabor as she travels across the country and deep within the Rocky Mountains in search of her mother The journey will uncover her ancient Ute heritage as well as lead her to love reunification and hope

American Trinity Larry Len Peterson, 2017-09-11 American Trinity is for everyone who loves the American West and wants to learn more about the good the bad and the ugly It is a sprawling story with a scholarly approach in method but accessible in manner In this innovative examination Dr Larry Len Peterson explores the origins development and consequences of hatred and racism from the time modern humans left Africa 100 000 years ago to the forced placement of Indian children on off reservation schools far from home in the late 1800s Along the way dozens of notable individuals and cultures are profiled Many historical events turned on the lives of legendary Americans like the Father of the West Thomas Jefferson and the Son of the West George Armstrong Custer two strange companions who shared an unshakable sense of their own skills as their interpretation of truths motivated them in the winning of the West Dr Peterson reveals how anti Indian sentiments were always only obliquely about them They were victims but not the cause The Indian was a symbol not a real person The politics of hate and racism directed toward them was also experienced in prior centuries by Jews enslaved Africans and other Christians Hatred and racism when taken into the public domain are singularly difficult to justify which is why Europeans and Americans have always sought vindication from the highest sources of authority in their cultures In the Middle Ages it was religion supplemented later by the philosophy of the Enlightenment In nineteenth century Europe and America religion and philosophy were joined by science and medicine to support Manifest Destiny scientific racism and social Darwinism all of which had profound consequences on Native Americans and the Spirit of the West Presenting research in anthropology archaeology biology history law medicine religion philosophy and psychology Dr Peterson provides the latest observations that delineate why the Native American s life was destroyed American Trinity is a stunning portrait a view at once unique panoramic and intimate It is a fascinating book that will make you think about the differences between belief and knowledge about the self skepticism of science and medicine and about what aspects of the world we take on faith
