The Day Of The Bonanza:

The Day of the Bonanza Hiram M. Drache,1966 *The Outing Magazine* ,1911 **The Day the Music Died: The Last Tour of Buddy Holly, the Big Bopper, and Ritchie Valens** Larry Lehmer,2012-03-07 The Last Tour of Buddy Holly the Big Bopper and Ritchie Valens The tragic deaths of these three fifties Rock n Roll stars was immortalised in Don McLean s classic hit American Pie The poignant story of the build up to events of and the fall out from the infamous Day The Music Died are told here in painstaking chronological detail A must for any serious rock n roll fan or student [Encyclopedia of the Great Plains](#) David J. Wishart,2004-01-01 Wishart and the staff of the Center for Great Plains Studies have compiled a wide ranging pun intended encyclopedia of this important region Their objective was to give definition to a region that has traditionally been poorly defined and they have **Nature's Crossroads** George Vrtis,Christopher W. Wells,2023-01-10 Minnesota s Twin Cities have long been powerful engines of change From their origins in the early nineteenth century the Twin Cities helped drive the dispossession of the region s Native American peoples turned their riverfronts into bustling industrial and commercial centers spread streets and homes outward to the horizon and reached well beyond their urban confines setting in motion the environmental transformation of distant hinterlands As these processes unfolded residents inscribed their culture into the landscape complete with all its tensions disagreements contradictions prejudices and social inequalities These stories lie at the heart of Nature s Crossroads The book features an interdisciplinary team of distinguished scholars who aim to open new conversations about the environmental history of the Twin Cities and Greater Minnesota

An Introduction to Game-Theoretic Modelling: Third Edition Mike Mesterton-Gibbons,2019-07-05 This book introduces game theory and its applications from an applied mathematician s perspective systematically developing tools and concepts for game theoretic modelling in the life and social sciences Filled with down to earth examples of strategic behavior in humans and other animals the book presents a unified account of the central ideas of both classical and evolutionary game theory Unlike many books on game theory which focus on mathematical and recreational aspects of the subject this book emphasizes using games to answer questions of current scientific interest In the present third edition the author has added substantial new material on evolutionarily stable strategies and their use in behavioral ecology The only prerequisites are calculus and some exposure to matrix algebra probability and differential equations **The Word On The Street** Kurt Borchard,2005-03-01 Just beyond Las Vegas s neon and fantasy live thousands of homeless people most of them men To the millions of visitors who come to Las Vegas each year to enjoy its gambling and entertainment the city s homeless people are largely invisible segregated from tourist areas because it s good business Now through candid discussions with homeless men analysis of news reports and years of fieldwork Kurt Borchard reveals the lives and desperation of men without shelter in Las Vegas Borchard s account offers a graphic disturbing and profoundly moving picture of life on Las Vegas s streets depicting the strategies that homeless men employ in order to survive from the search for a safe place to sleep at night to the

challenges of finding food maintaining personal hygiene and finding an acceptable place to rest during a long day on the street That such misery and desperation exist in the midst of Las Vegas s hedonistic tourist economy and booming urban development is a cruel irony according to the author and it threatens the city s future as a prime tourist destination The book will be of interest to social workers sociologists anthropologists politicians and all those concerned about changing the misery on the street

Profiting from the Plains Claire M. Strom, 2011-10-17 Profiting from the Plains looks at two inextricably linked historical movements in the United States the westward expansion of the great Northern Railway and the agricultural development of the northern plains Claire Strom explores the persistent idiosyncratic attempts by the Great Northern to boost agricultural production along its rail routes from St Paul to Seattle between 1878 and 1917 Lacking a federal land grant the Great Northern could not make money through land sales like other railways It had to rely on haulage to make a profit and the greatest potential for increasing haulage lay in farming The energetic and charismatic owner of the Great Northern Railway James J Hill spearheaded most of the initiatives undertaken by his corporation to boost agricultural production He tried often unsuccessfully to persuade farmers of the profitability of his methods which were largely based on his personal farming experience When Hill s initial efforts to increase haulage failed he shifted his focus to working with outside agencies and institutions often providing them with the funding to pursue projects he hoped would profit his railroad At the time state and federal agencies were also promoting agricultural development through irrigation conservation and dryland farming but their agendas often clashed with those of the Great Northern Railway Because Hill failed to grasp the extent to which politicians goals differed from those of the railroad his use of federal expertise to promote agricultural change often backfired But despite these obstacles the railroad magnate ironically remained among the last defenders of the small scale farmer modeled on Jeffersonian idealism This fascinating story of railroad politics and development ties into themes of corporate and federal sponsorship which are increasingly recognized as fundamental to western history As the first scholarly examination of James J Hill s agricultural enterprises Profiting from the Plains makes an important contribution to the biography of the popular and controversial Hill as well as to western and environmental history *Flying Magazine*, 1996-03 Fortnight, 1949
