The Land Wars John Laband, 2020-07-15 Perhaps the most explosive issue in South Africa today is the question of land ownership The central theme in this country's colonial history is the dispossession of indigenous African societies by white settlers and current calls for land restitution are based on this loss Yet popular knowledge of the actual process by which Africans were deprived of their land is remarkably sketchy This book recounts an important part of this history describing how the Khoisan and Xhosa people were dispossessed and subjugated from the time that Europeans first arrived until the end of the Cape Frontier Wars 1779-1878 The Land Wars traces the unfolding hostilities involving Dutch and British colonial authorities trekboers and settlers and the San Khoikhoi Xhosa Mfengu and Thembu people as well as conflicts within these groups In the process it

describes the loss of land by Africans to successive waves of white settlers as the colonial frontier inexorably advanced. The book does not shy away from controversial issues such as war atrocities committed by both sides or the expedient decision of some of the indigenous peoples to fight alongside the colonisers rather than against them. *The Land Wars* is an epic story featuring well known figures such as Ngqika, Lord Charles Somerset and his son Henry Andries Stockenström, Hintsa, Harry Smith, Sandile Maqoma, Bartle Frere and Sarhili, and events such as the arrival of the 1820 Settlers and the Xhosa cattle killing. It is essential reading for anyone who wants to understand South Africa's past and present.

Religions of South Africa (Routledge Revivals) David Chidester, 2014-06-27. First published in 1992, this title explores the religious diversity of South Africa, organizing it into a single coherent narrative and providing the first comparative study and introduction to the topic. David Chidester emphasizes the fact that the complex, distinctive character of South African religious life has taken shape with a particular economic, social and political context and pays special attention to the creativity of people who have suffered under conquest, colonialism and apartheid. With an overview of African traditional religion, Christian missions and African innovations during the nineteenth century, this reissue will be of great value to students of religious studies, South African history, anthropology, sociology and political studies.
