The Deadly Confluence

**Christopher M. Ford, Winston S.
Williams**

The Deadly Confluence:

The Deadly Confluence EMR Publishing, Robert Emmrich, 1996-11 **River of Darkness** Buddy Levy, 2022-04-05 The acclaimed author of *Labyrinth of Ice* charts the legendary sixteenth century adventurer's death-defying navigation of the Amazon River. In 1541 Spanish conquistador Gonzalo Pizarro and his lieutenant Francisco Orellana searched for La Canela, South America's rumored Land of Cinnamon and the fabled El Dorado, the golden man. Quickly the enormous expedition of mercenaries, enslaved natives, horses, and hunting dogs were decimated through disease, starvation, and attacks in the jungle. Hopelessly lost in the swampy labyrinth, Pizarro and Orellana made the fateful decision to separate. While Pizarro eventually returned home in rags, Orellana and fifty-seven men continued into the unknown reaches of the mighty Amazon jungle and river. Theirs would be the greater glory. Interweaving historical accounts with newly uncovered details, Levy reconstructs Orellana's journey as the first European to navigate the world's largest river. Every twist and turn of the powerful Amazon holds new wonders and the risk of death. Levy gives a long overdue account of the Amazon's people, some offering sustenance and guidance, others hostile, subjecting the invaders to gauntlets of unrelenting attacks and signs of terrifying rituals. Violent and beautiful, noble and tragic, *River of Darkness* is riveting history and breathtaking adventure that will sweep readers on a voyage unlike any other. Praise for Buddy Levy and *River of Darkness*: In *River of Darkness*, Buddy Levy recounts Orellana's headlong dash down the Amazon. Like Mr. Levy's last book, *Conquistador*, about the conquest of Mexico, *River of Darkness* presents a fast-moving tale of triumph over seemingly insurmountable odds. Though impromptu, the expedition was one of the most amazing adventures of all time. *Wall Street Journal*: An exciting, well-plotted excursion down the Amazon River with the early Spanish conquistador. A richly textured account of the rogue rebel and visionary whose discovery still resonates today. *Kirkus Reviews*: A rollicking adventure. Levy successfully conveys the Amazon's power and majesty while shedding light on the futility of humanity's attempt to tame it. *The A V Club* **The Tainted City** Courtney Schafer, 2012-09-25 Dev is a desperate man. After narrowly surviving a smuggling job gone wrong, he's now a prisoner of the Alathian Council, held hostage to ensure his friend Kiran, former apprentice to one of the most ruthless mages alive, does their bidding. But Kiran isn't. Dev's only concern: Back in his home city of Ninavel, the child he once swore to protect faces a terrible fate if he can't reach her in time, and the days are fast slipping away. So when the Council offers Dev freedom in exchange for his and Kiran's assistance in a clandestine mission to Ninavel, he can't refuse, no matter how much he distrusts their motives. Once in Ninavel, the mission proves more treacherous than even Dev could have imagined. Betrayed by allies, forced to aid their enemies, he and Kiran must confront the darkest truths of their pasts if they hope to save those they love and survive their return to the Tainted City. **The Mathews Men** William Geroux, 2017-03-21 Vividly drawn and emotionally gripping. Daniel James Brown, 1 New York Times bestselling author of *The Boys in the Boat*. From the author of *The Ghost Ships of Archangel*, one of the last unheralded heroic stories of World War II: the U-boat assault off the American coast against the men of the U.S. Merchant

Marine who were supplying the European war and one community's monumental contribution to that effort Mathews County Virginia is a remote outpost on the Chesapeake Bay with little to offer except unspoiled scenery but it sent an unusually large concentration of sea captains to fight in World War II The Mathews Men tells that heroic story through the experiences of one extraordinary family whose seven sons and their neighbors U S merchant mariners all suddenly found themselves squarely in the cross hairs of the U boats bearing down on the coastal United States in 1942 From the late 1930s to 1945 virtually all the fuel food and munitions that sustained the Allies in Europe traveled not via the Navy but in merchant ships After Pearl Harbor those unprotected ships instantly became the U boats prime targets And they were easy targets the Navy lacked the inclination or resources to defend them until the beginning of 1943 Hitler was determined that his U boats should sink every American ship they could find sometimes within sight of tourist beaches and to kill as many mariners as possible in order to frighten their shipmates into staying ashore As the war progressed men from Mathews sailed the North and South Atlantic the Caribbean the Gulf of Mexico the Mediterranean the Indian Ocean and even the icy Barents Sea in the Arctic Circle where they braved the dreaded Murmansk Run Through their experiences we have eyewitnesses to every danger zone in every kind of ship Some died horrific deaths Others fought to survive torpedo explosions flaming oil slicks storms shark attacks mine blasts and harrowing lifeboat odysseys only to ship out again on the next boat as soon as they returned to safety The Mathews Men shows us the war far beyond traditional battlefields often the U S merchant mariners life and death struggles took place just off the U S coast but also takes us to the landing beaches at D Day and to the Pacific When final victory is ours General Dwight D Eisenhower had predicted there is no organization that will share its credit more deservedly than the Merchant Marine Here finally is the heroic story of those merchant seamen recast as the human story of the men from Mathews

The Shortest History of Germany James Hawes,2019-03-19 2 000 years of all of Germany's history in one riveting afternoon followed by The Shortest History of China A country both admired and feared Germany has been the epicenter of world events time and again the Reformation both World Wars the fall of the Berlin Wall It did not emerge as a modern nation until 1871 yet today Germany is the world's fourth largest economy and a standard bearer of liberal democracy There's no point studying the past unless it sheds some light on the present writes James Hawes in this brilliantly concise history that has already captivated hundreds of thousands of readers It is time now more than ever for us all to understand the real history of Germany

Free Communities of Color and the Revolutionary Caribbean Robert D. Taber,Charlton W. Yingling,2020-01-24 The tumult of the Age of Atlantic Revolutions provided new opportunities for free communities of color in the Caribbean yet the fact that much scholarship places an emphasis on a few remarkable individuals who pursued their freedom and respectability in a high profile manner can mask as much as it reveals Scholarship on these individuals focuses on themes of mobility and resilience and can overlook more subversive motives underrepresent individuals who remained in communities and elide efforts by some to benefit from racial hierarchies In these free

communities displays of social cultural and symbolic capitals often reinforced systemic continuity and complicated revolutionary era tensions among the long free enslaved and recently freed This book contains seven fascinating studies which examine Haiti Caracas Cartagena Charleston Jamaica France the Netherlands Antilles and the Swedish Caribbean They explore how free communities of color deployed religion literature politics fashion the press history and the law in the Atlantic to defend their status and at times define themselves against more marginalized groups in a rapidly changing world This volume demonstrates that problems of belonging difference and hierarchy were central to the operation of Caribbean colonies Without recalibrating scholarship to focus on this we risk underappreciating how the varied motivations and ambitions of free people of color shaped the decline of empires and the formation of new states This book was originally published as a special issue of *Atlantic Studies*

Fabulous Identities Patricia Hannon, 2023-07-10 *Fabulous Identities* revises traditional interpretations of the fairy tale vogue which was dominated by salon women in the last decade of the French seventeenth century This study of women's tale narratives is set into an investigation of how aristocratic identity was transformed by political and social realignments forced by royal absolutism or ambitious materialism Women's distinctive contributions to the genre are defined by drawing upon various texts that articulated the century's moral cultural and aesthetic values as well as upon contemporary critical perspectives including seventeenth century historical and cultural studies Caught up in the philosophical political and social controversy over woman's nature seventeenth century women writers benefited from salon culture and their access to writing through the literary genres of fairy tales and novels to explore new identities and expand representations of subjectivity Women's tales can be seen as a theater for staging an authorial persona at odds with their portrait as presented in male authored didactic treatises and in the fairy tales of Charles Perrault At a time when the pressures of social conformity weighed heavily upon them the conteuses highlight through metamorphosis the affective dimension together with its impact on evolving notions of personal autonomy

Vampire Forensics Mark Jenkins, 2010 Take a journey into the macabre in search of those ultimate creatures of the night the immortal beings who defy death by feeding on the lifeblood of others vampires Generation after generation has found vampire lore printed in old books inscribed in medieval manuscripts whispered by firelight in chimney corners or written in moldering tombs and ancient bones to be as fascinating as it is frightening Yet its origins have always been shrouded in mystery Where did vampires first arise Was Dracula really inspired by a 15th century nobleman with the bloodcurdling name of Vlad the Impaler Why are vampires so closely associated with epidemic disease and bats What can we learn from the amazing recent discovery by National Geographic grantee Dr Matteo Borrini of the buried remains of a 16th century Venetian plague victim and suspected vampire And what is it about graveyards that made people believe that the dead could prey on the living In *Vampire Forensics* historian Mark Jenkins probes vampire legend and shows how modern forensics anthropology and archaeology have helped to dig up historical truths enshrined in these gruesome tales

Book Jacket **The Chautauquan**

,1891 **Complex Battlespaces** Christopher M. Ford, Winston S. Williams, 2019 The conduct of warfare is constantly shaped by new forces that create complexities in the battlespace for military operations This inaugural volume of the Lieber Studies Series seeks to address several issues in the confluence of law and armed conflict featuring chapters from world class scholars policymakers and other government officials military and civilian legal practitioners and other thought leaders who examine the role of the law of armed conflict in current and future armed conflicts around the world

Reviewing **The Deadly Confluence**: Unlocking the Spellbinding Force of Linguistics

In a fast-paced world fueled by information and interconnectivity, the spellbinding force of linguistics has acquired newfound prominence. Its capacity to evoke emotions, stimulate contemplation, and stimulate metamorphosis is actually astonishing. Within the pages of "**The Deadly Confluence**," an enthralling opus penned by a very acclaimed wordsmith, readers embark on an immersive expedition to unravel the intricate significance of language and its indelible imprint on our lives. Throughout this assessment, we shall delve into the book's central motifs, appraise its distinctive narrative style, and gauge its overarching influence on the minds of its readers.
