The Death And Letters Of Alice James:

The New Disability History Paul K. Longmore, Lauri Umansky, 2001-03 A glimpse into the struggle of the disabled for identity and society's perception of the disabled traces the disabled's fight for rights from the antebellum era to present controversies over access

The Daughter's Dilemma Paula Marantz Cohen, 2025-10-01 *The Daughter's Dilemma* breaks new ground in literary studies through its application of family systems theory to the analysis of nineteenth-century domestic novels. Cohen argues for structural correspondences between families and novels as systems seeking closure; they are governed by certain analogous laws. She argues further that the father-daughter dyad is the pivotal structure by which the nuclear family and the domestic novel were able to define themselves as closed systems. The study treats novels by Samuel Richardson, Jane Austen, Emily Brontë, George Eliot, and Henry James and places them in the context of the writer's individual family experiences. Drawing on recent work in literary and feminist criticism, anthropology, history, and psychoanalysis, as well as family systems theory, Cohen seeks to critique the limitations of these theoretical models even as she employs them to illuminate the texts under discussion. The study's approach leads to insights about the contemporary family and about the present state of literature and literary criticism. Cohen concludes by suggesting that the modern period marked the demise of an ideology favoring closed systems. The result has been both a nostalgia for those systems and a redefinition of experience and relationship as open and subject to endless interpretation. Such an ideological reformulation helps explain the present insistence by literary theorists on the inescapability of the text and the reality of representation

The Uses Of Autobiography Julia Swindells, Homerton College, Cambridge., 2014-03-18 First Published in 1995 Autobiography is commonly understood in terms of giving readers insight into the private lives of unique individuals, but in recent years the autobiographical project has absorbed a wide variety of social concerns. The contributors to this book explore a range of the uses of autobiography from the nineteenth century to the present day and from Africa, USA, the Middle East, France, New Zealand, and the United Kingdom. The chapters draw on a number of approaches, including historical and literary methods, to represent the autobiography's purpose of establishing communities of interest and social change

The Cambridge Companion to Henry James Jonathan Freedman, 1998-05-28 A comprehensive collection of critical essays on the life and work of Henry James *The Invention of Telepathy, 1870-1901* Roger Luckhurst, 2002 *The Invention of Telepathy* explores one of the enduring concepts to emerge from the late nineteenth century. Telepathy was coined by Frederic Myers in 1882. He defined it as the communication of any kind from one mind to another independently of the recognised channels of sense. By 1901 it had become a disputed phenomenon amongst physical scientists yet was the royal road to the unconscious mind. Telepathy was discussed by eminent men and women of the day, including Sigmund Freud, Thomas Huxley, Henry, and William

James Mary Kingsley Andrew Lang Vernon Lee W T Stead and Oscar Wilde Did telepathy signal evolutionary advance or possible decline Could it be a means of binding the Empire closer together or was it used by natives to subvert imperial communications Were women more sensitive than men and if so why Roger Luckhurst investigates these questions in an exciting and accessible study that mixes history of science with cultural history and literary analysis A Matter of Appearance Emily Wells, 2023-11-14 A dazzling memoir of chronic illness that explores the fraught intersection between pain language and gender by a debut author Emily Wells spent her childhood dancing through intense pain she assumed was normal for a ballerina pushing her body to its limits For years no doctor could tell Wells what was wrong with her or they told her it was all in her head In A Matter of Appearance Wells traces her journey as she tries to understand and define the chronic pain she has lived with all her life She draws on the critical works of Freud Sontag and others to explore the intersection between gender pain and language and she traces a direct line from the hysteria patients at the Salpêtrière Hospital in nineteenth century Paris to the contemporary New Age healers in Los Angeles her stomping ground At the crux of Wells literary project is the dilemma of how to diagnose an experience that is both private and public subjective and quantifiable and how to express all this in words Gorgeously written and brilliantly argued A Matter of Appearance uses chronic illness as a lever to investigate the life of a body Its complex inconclusive and incredibly clear eyed Moving fluidly between histories of psychoanalysis desire ambition pathology Wells reminds us of the liminal state we all live in between sickness and health Chris Kraus author of Aliens Anorexia and Summer of Hate Letters, Fictions, Lives Michael Anesko, 1997-08-28 In this unique and long awaited volume Michael Anesko documents the literary cross fertilization between Henry James and William Dean Howells collecting 151 letters nearly all the extant correspondence between the two men as well as the most significant critical commentary James wrote on Howells and Howells wrote on James Scholars have long recognized the peculiar importance of the relationship between these two exponents of realistic fiction their mutual respect and occasional animosity But the record of their affinities and substantial differences has never before been so amply and compellingly established Containing dozens of previously unpublished letters by James and featuring a detailed biographical chronology as well as extensive interpretive commentaries that meticulously chart the development of this remarkable literary friendship Letters Fictions Lives edited to the highest standards of scholarly excellence will prove an invaluable resource for scholars and students of James and Howells and will hold great interest for dedicated readers of their fiction and for those studying epistolary issues and literary influence between contemporaries
